CULLEN, Malcolm

I am most proud and honoured to have served as a Councillor on the Shire of Coolgardie first elected in 2008, and President since 2009. Despite many challenges during my first years on Council, I have enjoyed the opportunity to represent all sectors of our communities and have at all times acted with Integrity, Honesty and Fairness in my role as leader of the Shire. Having lived within the Shire all my life, I have enjoyed volunteering and supporting the many sporting and community organisations in our towns, and I have worked hard with Council to build relationships with business and the mining industry. There are great opportunities in our Shire and with your support, I believe I have the experience, knowledge and commitment to represent and advocate for the whole community over the next 4 years.
