

ASBESTOS ACCEPTANCE

CLIENT REQUIREMENTS

- Must be double wrapped in heavy-duty builder's plastic and sealed to contain the fibres.
- Recommend that each bundle be taped completely around with packaging tape to ensure it is secured appropriately during transport or handling.
- Accepted in bundles that the Shire can unload with its loader forks without dropping or breaking open.
- The Shire will not accept any asbestos in skip bins or tip trucks as the loader will not be able to pick the asbestos packages without damaging the sealed asbestos packages.
- The Shire will reject damaged asbestos packages brought to the facility.

PRICE

- No acceptance of cash at the Refuse Site as EFTPOS is available. Only recognised account holders will be able to put the cost on the account.
- For pricing, please refer to our Fees and Charges
<https://www.coolgardie.wa.gov.au/documents/fees-and-charges>

**Please Note: 24 hours' notice must be given to the Shire (by Client)
before dropping off at Refuse Site(s)**
