Shire of Coalgardie

Message from the Shire President

August 2016

During our recent attendance at Local Government Week, I took the opportunity to visit the Hon. Minister L'Estrange to discuss our ongoing problem obtaining land in and around our townsites for development and recreational purposes. This matter has plagued us for over a decade, but the Shire has since 2011 been more involved as it is apparent that the actions by the Department of Minerals and Petroleum are primarily responsible for obstructing much needed development. This problem is wider ranging that just our Shire, affecting other local authorities in the Goldfields and mining towns further afield. In attendance apart from myself were the Shires Chief Executive Officer Mr Paul Webb, and the Hon. Minister Dave Grills. Minister Grills came to support our ongoing issue, and I believe his attendance certainly heightened just how serious this problem is for our towns. The Minister L'Estrange was a sympathetic ear, and asked for demonstration of our problem by presentation of facts. As we have substantial records on this matter, we are fortunate to have a long history of facts to deliver to his office. This has certainly been the most promising outcome we have had to date, although I expect the matter still has a way to go. As the matter is core to our future development, I do not believe this is a problem that we can divest ourselves of.

We were also fortunate to see a representative from the Department of Local Government and Communities, Mr Stuart Frazer. I made this visit, again with our Chief Executive Officer, our Manager of Administration Services, Ms Sue Mizzen, and our consultant, Mr James Trail. We initially discussed the matter of our Probity Compliance Audit Report. The items are being dealt with at a satisfactory rate, which is good news. Our only point of possible concern was the delivery of the Shire of Coalgardie Long Term Financial Plan (LTFP). The delivery of the LTFP was not a matter of timing, but of the ability to deliver a useful document that will give strong direction to the future of our organisation. To deliver a more accurate document, requires a little more time, and as long as we keep the Department notified of our progress, and we are moving forward, then we will reach a satisfactory result both for the Shire, and the Department. The document is currently in construction, and I look forward to presentation of the document to Council.

As part of our recent budget deliberations, our Audit committee was visited by our Auditor, Mr David Tomasi, Partner, Audit, Corporate and Local Government Advisory from Moore Stephens Australia. David helped to assuage concerns of members of the audit committee, and gave an overview of what our Council can expect in future deliberations. Again, the best tool we can have to project future financial directions is our Long Term Financial Plan. It was useful to have explained that our annual budget in isolation is quite frugal, with a modest surplus. Given surmised projects into the future it is apparent that the Council will have some pretty tough decisions to make.

On a happier front, the Shire of Coalgardie was the proud winner of this years Banners on the Terrace Award. The Shire won 'Best Digital/Professional', and 'Best Overall' categories in the competition. I would like to extend our thanks to Ms Ashlee Donkin, who provided the artwork for the banner. The image was a true reflection of activities in the goldfields in the present and past. It is great to see someone with such fantastic potential in our Shire, and I firmly believe this young lady has a great future ahead. We are lucky to be the home of a good number of varying artists in our region, many of whom go unrecognised.

Malcolm Cullen
Shire President

Shire of Coolgardie

From the desk of the CEO

Greetings to all,

I would like to congratulate Ms Ashlee Donkin on her fantastic win for the Shire of Coolgardie, in this years Banners in the Terrace, awarded at Local Government Week at the Perth Convention Centre.

The Shire of Coolgardie won the 'Best Digital/Professional' and 'Best Overall' rounds of the competition, due to the artwork provided by Ms Donkin.

Each Shire provides a standard size banner to the Western Australian Local Government Association on an annual basis, and these banners are displayed for a period of time in the centre of Perth during Local Government Week. It is a good opportunity to get our Shires name into the mind of Perth people, and the win lifts the profile of our Shire in the minds of competing Local Government. Many thanks Ashlee.

The structural repair works currently being conducted on the Coolgardie Post Office complex are nearing completion. The project includes drainage rectification works to move water away from the foundations of the building, and removal of deteriorated stone.

Water infiltration into the stone work had caused the affected stone to affectively turn into powder, and the mortar to fall out of eroded jointing. Replacement of external stone work has given the building a much needed face lift, and correction of drainage will direct water away from the building, slowing the work of time of the building into the future. It is the constant wetting and drying cycle that causes the most damage, so by keeping the building dry, the work will add extra life to the normally affected areas.

We are looking forward in September to Coolgardie Day. This is always a fantastic event which draws a big crowd for an outstanding family day out. This is not a Shire event, but is run by a small group of committed volunteers who manage to make this one of the best attended events in the region. My personal favourite is the parade, with the old vehicles driving through the main street. I hope to see you there.

On behalf of the Shire of Coolgardie I would like to sincerely thank G.E.T.S (Goldfields Employment Training Services) for their outstanding contributions they have made to both Kambalda and Coolgardie town sites Including

- Refurbishments to the train carriages at the Kambalda East oval including the design and paint work
- The litter pick up at the Kambalda land fill site
- The installation of the pathway from Blue Bush Road in Kambalda to the Kambalda West District High School
- The Coolgardie Bluff project including the installation of the walking track

Without the assistance and contributions to these projects these initiatives may not have been carried out as quickly as what they have been, once again thank you very much G.E.T.S the Shire of Coolgardie truly appreciates the work you have been putting into our towns.

Warmest regards to all

Paul Webb
Chief Executive Officer

Shire of Coolgardie

Donkin Park and Sarah Jane Wilson Playground Upgrades

The Shire of Coolgardie secured funding from Lotterywest in April 2016 to go towards a new playground at Donkin Park in East Kambalda and an upgrade at Sarah Jane Wilson Park in West Kambalda. With funding from Lotterywest of \$87,000.00 and the Shire of Coolgardie's contribution of \$80,000.00 there is a total of \$167,000.00 of which \$137,000.00 will be spent on a new playground at Donkin Park and \$30,00.00 will be spent on an upgrade of equipment at Sarah Jane Wilson Park.

These upgrades and renewals make up part of the Shire of Coolgardie's 2015 - 2020 Playground Hierarchy Rationalisation Strategy. Initially East Oval playground was listed to be upgraded however, once reviewed by Council it was decided that due to the floodway in the East Kambalda Park and the overall area that was limited by this, it would be in the community's best interest to utilise the open space at Donkin Park. The Shire are now able to create a family friendly environment with a more contemporary playground focusing on educational and physical elements to cater for all ages developing another open public space for the community to enjoy.

The Shire advertised the playground design and installation for tender which received 5 tender submissions. From those submissions an assessment was completed, rating all designs and scope of work including overall best value for money. Council resolved to accept Adventure Plus's design (see below for the concept designs) the project is due to commence in October 2016.

Outdoor Summer Movie Series

The Shire of Coolgardie is welcoming back one of the communities favourite events—the Outdoor Summer Movie Series, for both Kambalda and Coolgardie.

With summer fast approaching the first screening will be in October 2016 —keep an eye out for dates to follow.

The shire of Coolgardie is pleased to be able to offer clubs and community organizations the opportunity to use this unique equipment as a means of fundraising.

If you think this is what you might be interested in please phone Val at the Kambalda Community Resource Centre on 9080 2115.

Shire of Coolgardie

Expression of Interest

Potential use of space in restored Post Office Complex

The Shire of Coolgardie has applied for funding to restore the interior of the Post Office Complex. The funding body has asked that the Shire demonstrate the potential future use of the various spaces within the building, and Palassis Architects were engaged to create concept designs.

Spaces have been considered at great length to ensure that the building, as a central business and residential hub, is utilised to its maximum potential. We are asking members of the community to examine the floor plans, and demonstrate their support for the project by signing the document available at the Coolgardie Recreation Centre, by contacting Shire staff, or by writing a letter of support for the project.

The Shire would also like to ask if there are members in the community who might be interested in renting any of these potential spaces for residential or business purposes, and to demonstrate this interest by filling in one of our Expression of Interest forms.

Several uses have been proposed for various spaces, shown on the sample floor plan. Please let Shire know if you would be interested in:

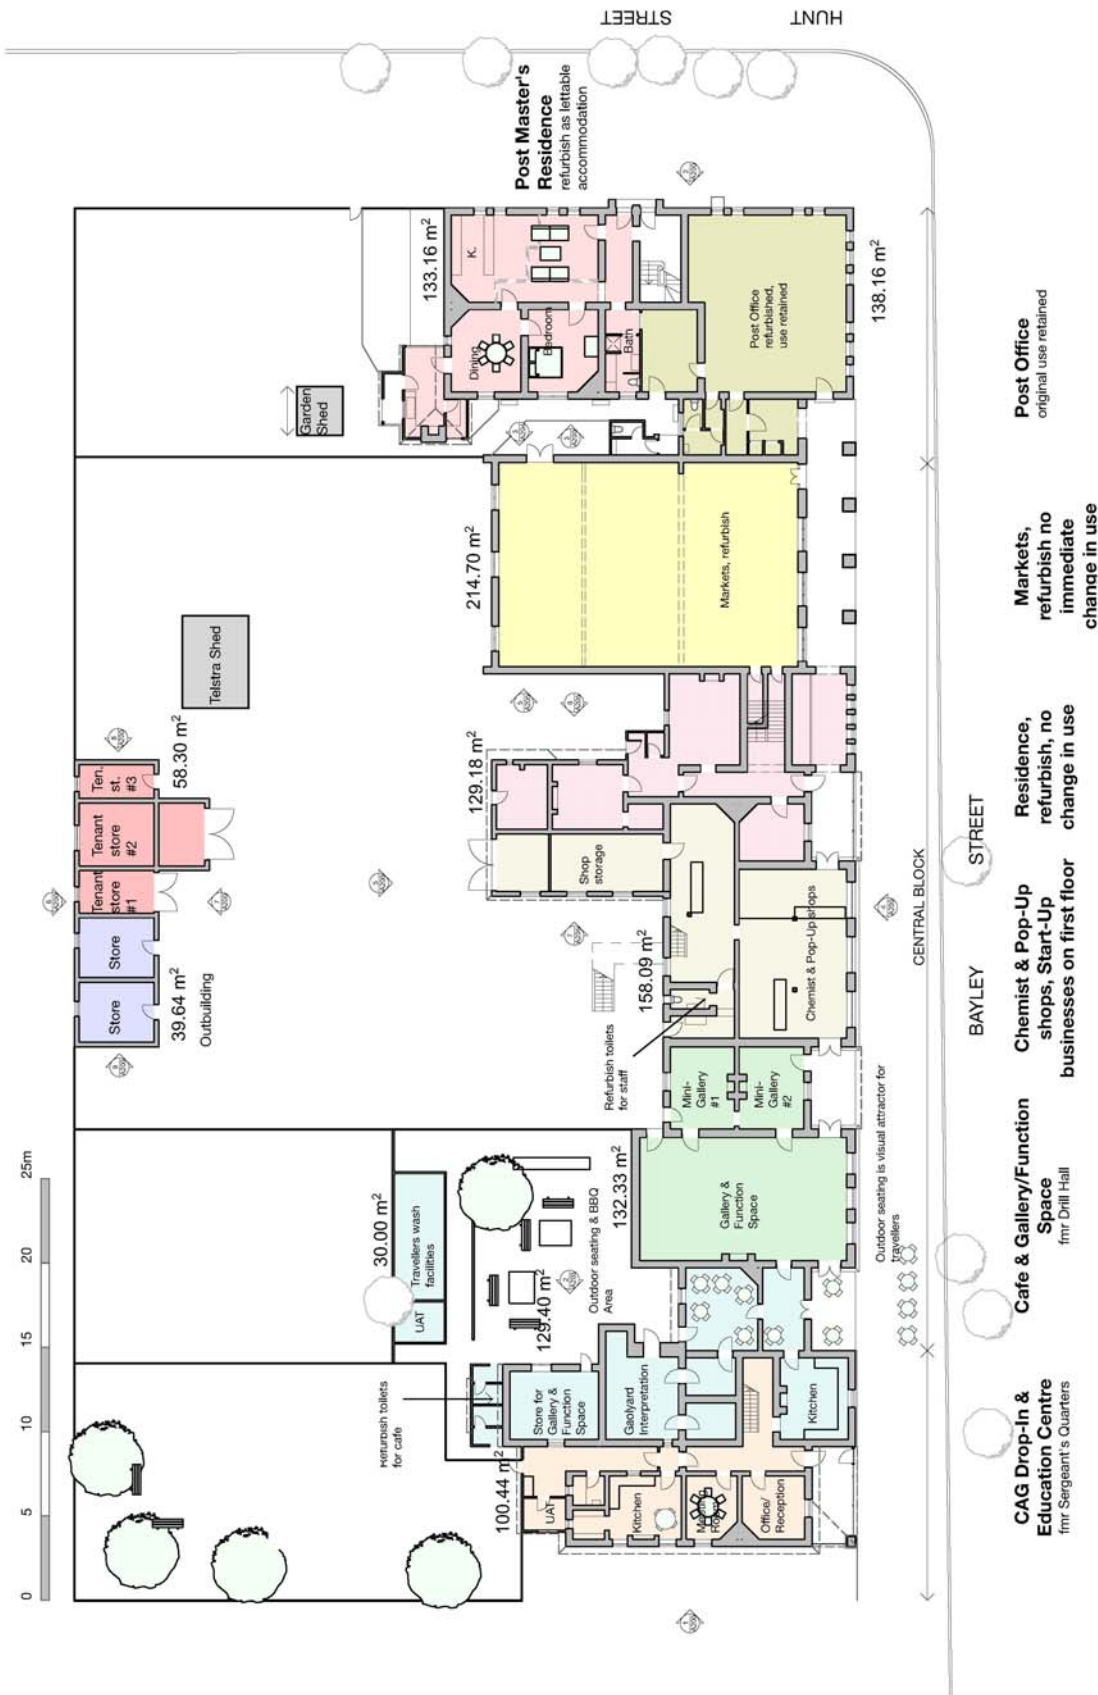

- Establishing a business
- Moving an existing business into the Post Office Complex
- Renting office space
- Establishing a chemist business (subject to appropriate educational and statutory requirements)
- Having a pop-up shop space
- Having a cafe in the Post Office complex
- Displaying and selling artwork
- Renting a residence or
- Any other potential use for the space that you might suggest

Expression of Interest forms are available at the Coolgardie Recreation Centre, or please contact Joelee Nolan at mail@coolgardie.wa.gov.au or phone 08 9080 2111.

Areas which are currently committed and unavailable for the purpose of this survey are:

- **The Sergeants Quarters**
- **The central two-storey residence**
- **The Coolgardie market (existing business)**
- **The Coolgardie Post Office (existing business)**

Coolgardie Community Men's Shed Incorporated

The Coolgardie Men's Shed, particularly Wayne and Gorry, have been vigorously working away at 'prettifying up' our running engines in preparation for Coolgardie Day. It is the intention of the guys to have the machines running and in top condition for display, to hopefully share our joy of things that are old, with people visiting the town on the day. Top effort guys.

Harry Watkins has been on a bit of a hiatus, but thankfully has returned to the fold, most recently getting the 1912 Leyland truck up and running again. She has been idle for about 12 months, for no particular reason other than we have all been busy on other things, but with a little TLC and some kind words, we started her up again on Sunday 28 August. It was fantastic to hear her running again, and a few passers by did stop as they were walking past the door, no doubt very surprised to see something so old (barring Morrie) alive, running and in such good condition. Yes Morrie, you are in pretty good condition as well, even if you have not been given as much care as the Leyland. We are hoping for a visit from a mechanical wizard, called Wally, to drop by and give her a tune up. Wally was one of the team who originally restored the Leyland to running. I don't think there is an engine out there that Wally could not return to perfect running condition. Maybe Wally could have a talk to Morrie.

A few members of the team will be starting work on the old bread cart. The cart used to make deliveries around Coolgardie, and I think there are still a few people in town who remember this being drawn around. She is a bit worn, and some of the timber work will need replacement, but if you have timber work skills, or are interested in learning about timber work, please drop by. We have members who can teach you some timber skills whilst restoring the cart. There are plenty of other timber work projects to work on after this, all of which help to bring our history back to life.

If you are interested in engines, we are currently restoring to running, a first ever production run Sulzer diesel engine. She is being stripped down to her component parts, ready for cleaning and replacement. Prior to construction, she will need a sizable foundation, and then during reconstruction, application of paint. This is an absolute gem of an engine, and a significant piece of world heritage, as well as fantastic win for Coolgardie. Having this engine run will be a huge man magnet for passing tourism. It should be noted that this is not a small engine. It stands completed at about 11ft tall, and the drive wheel is sunk about 4ft into the ground. Impressive. Just like Morrie.

Coolgardie Men's Shed has many very cool completed projects, has many more on the boil, and if you are interested in anything in particular, you will probably share that interest with others. Come down and say hello. Men's Shed is open most Sunday's from 10am, but at times there may be people irregularly visiting through the week. If you see the door open, drop in and say hello. We are a friendly bunch (except for Gorry's dog) who will be happy to share a cuppa with you.

For more Information please contact Wayne 0438 267 180

NEWSLETTER # 1

At last we have some good news for Kambalda. The Men's Shed is on the rise after eight months of hard graft by a very dedicated committee of "Shedders".

We now have an operational Bank Account, an ABN Number and Tax File Number, which means we can raise funds for further development.

Many thanks to Goldfields St Ives for their very generous grant to help boost things along – Dr Mal Hodsdon (Tower Medical Centre, Kalgoorlie) for his cash donation, office printer and coming on board as shed Patron – Mrs June Laws for her donation of hand-tools, benches and shelves – Ferritt for electric tools. This is a great start for a worthwhile project. Also thanks to Sue at Goodnews Newsagency for stationery.

If you have anything that you think might be of use for the shed, please contact a committee member and we can arrange to have it picked up.

We are currently negotiating with the Shire of Coolgardie for the use of the old Badminton Hall at the Harry Steinhauser Oval. This is a large room which will make a great "Shed" once it is kitted out.

Our first attempt at fundraising, a sausage sizzle and scratchies board, held outside the Goodnews Newsagency, was very well supported by the Kambalda public and it was extremely uplifting to get such great support. Thank you to all who supported "the Shed".

If you would like to speak to someone about the shed, please contact a committee member.

Media Release

Hon Dave Grills MLC

Member for the Mining and Pastoral Region

August 17, 2016

Container deposit scheme to combat litter in WA communities

Member for the Mining and Pastoral Region Dave Grills MLC has welcomed the announced introduction of a container deposit scheme for beverage containers in Western Australia.

The scheme is expected to start in mid-2018 and will help improve recycling and reduce littering in the State. Under the scheme, consumers will be able to get a 10 cent refund on containers for soft drinks, bottled waters, small flavoured milk drinks, sports drinks and spirit-based mixed drinks.

Mr Grills said there was a strong desire among regional communities to increase recycling rates through such a scheme.

“Communities across the Mining and Pastoral Region are rightly proud of their natural environments and they want to ensure those natural values are protected through better waste management and recycling,” he said.

“Containers from a wide range of drinks are constantly in our litter stream and they end up in the environment, along roads and in parks and gardens.

“This scheme will benefit local communities by helping to reduce litter while also generating jobs and economic activity in the recycling sector.”

Mr Grills said community groups that undertook regular fundraising, such as charitable groups, sporting clubs, Scouts and Guides, environmental groups, and surf lifesaving clubs, would be able to profit by participating in large-scale recycling activities.

Nationals WA Candidate for the Kimberley Rob Houston said the Nationals WA strongly supported the introduction of a container deposit scheme in Western Australia.

“This is a practical way to reduce litter in our regions and help keep places like the Kimberley beautiful,” Mr Houston said.

“With a 10 cent refund on drinks containers, all Western Australians will be rewarded for their recycling efforts. This initiative will complement our recycling culture and is a win for the environment, jobs, the community and the recycling industry.”

The Liberal National Government is committed to reducing waste and litter across all waste streams. The container deposit scheme will complement the Western Australian Waste Strategy: Creating the right environment and the Litter Prevention Strategy for Western Australia 2015-2020.

SEPTEMBER SQUASH NEWS

The **2015 Spring Pennant** season commenced on the 3rd August with a number of combatants being a little rusty even though it has only been a few weeks since the last season ended. There are a couple of new faces trying to make an early impression and also a few positional changes with a couple of players promoted up to the next level due to good performances last season. Here's hoping they continue challenging themselves to improve their skills. A couple of close 5 gamers contested: a gallant Sean was overcome by Glenn's power hitting; Kane just couldn't keep his shots tight to the walls and away from the long reach of "spider man" Dean.

Ladder below after the completion of 2 rounds:

Coolgardie Volunteer Fire & Rescue

From the desk of the Coolgardie Volunteer Fire & Rescue Captain – David Shilton

This sport is of a great benefit to the children of our Community, learning the skills of hose layouts, fitness, running and teambuilding. A lot of the juniors will then carry these skills on and become our next generation firefighters.

The Junior's train on a Thursday night at the Fire Station at 6.00pm and it is not too late to join. This is a free sport and lots of fun.

The fundraising will begin on Coolgardie Day, pop along and see us.

If you would like to be involved with the Junior Teams please call Braden Shilton on 0431 675 451

We would also like to remind people that our Fire Brigade is looking for potential new members to join our brigade.

Our practices are held on a Tuesday night from 7.00pm. If you are interested in joining the brigade, come down and see us or call David on 0412 859 582 or Steve 0438 421 130

The Pastor's Pen with Bill Kirkland

One thing that has been a hallmark of Western civilization is the agreement on the value of life. Life has been considered precious and ultimately a gift. Many of us have witnessed loved ones who have been hoping for a miracle cure for a terminal disease extending their life for at least a bit more time. Far too many lives appear to be cut short by accidents, disease, war and crime.

The desire to cling to life makes the words of Jesus more remarkable when He said of Himself, "No one takes my life from me. I give it up willingly! I have the power to give it up and the power to receive it back again, just as my Father commanded me to do." (John 10:18) Here Jesus was foretelling His death and resurrection.

The apostle Paul who was a mocker of Jesus and persecutor of His followers before his conversion was later to write in regards to death, "The bodies we now have are weak and can die. But they will be changed into bodies that are eternal. Then the Scriptures will come true, "Death has lost the battle! Where is its victory? Where is its sting?" (1 Corinthians 15:54-55)

People have always had different beliefs about what happens to humans when they die. Some believe we become worm food while others believe we are reincarnated, whilst others believe that whilst our bodies are mortal our soul is eternal. Jesus said that he offers eternal life to all who call on His Name. Jesus was not only sure of where He had come from but was also convinced of where He was going. This certainty of eternal life has also been demonstrated by numerous of Jesus followers over the centuries.

Macmahon is a leading Australian company delivering a comprehensive range of surface mining, underground mining and engineering services to the resources sector throughout Australia and in South East Asia and Africa. Macmahon offers great opportunities for a diverse and exciting career in mining.

The **St Ives** mine site is located near Lake Lefroy in the Eastern Goldfields region of Western Australia, around 80 kilometres south of Kalgoorlie. Macmahon has been delivering load & haul and mobile maintenance functions in the Neptune pit since December 2015.

We are currently seeking **Kambalda residents** who would like to join the Macmahon St Ives team as a Dump Truck Operator. These are entry level positions and no previous experience operating heavy equipment is required.

You will be part of a small, high energy team with an opportunity to work beside the the best people in the industry where you can obtain personal and professional development in an environment which is challenging and rewarding,

To be considered for this position you must;

- Live in the local Kambalda region
- Be physically fit for the demands of the role;
- Have a current Drivers Licence;
- Show a demonstrated commitment to safety

To be successful in this position you will enjoy;

- Long term project opportunity
- Ongoing training and development from a registered RTO
- Competitive remuneration

Should you be successful in being offered a role, you will be required to pass a medical and drug and alcohol test, along with obtaining a National Police Clearance.

If you are interested in this position then please send your resume to miningrecruitment@macmahon.com.au with the subject line "Kambalda DTO Application" and look forward to working for a dynamic organization.

Water filtration systems

Unhappy with the quality of your tap water?
Contact us today to discuss a water filtration system
for your home.
Once installed simple filter changes are all that is
required to upkeep your system.

Heating

Warm yourself up with our range of heating options
Need a new heater installed? Call us now to work out your
options.
Already have a heater installed? A simple service and clean
could get it working like new and prolong the life of the unit.

Hot Water Systems

- New installations
- All servicing
- Anode changeovers
- Gas, Electric and Instantaneous

By getting a simple service or an anode changeover you can increase the life of your system and the quality of your hot water.

Rotting anodes can destroy an otherwise perfectly good system, changing them before this happens is very important and will save you the cost of replacing your system before its time.

No job too big or small, Taps does it all

Kambalda Women's Wellness Expo

Megan Baggot with Baby Gentle Toes Massages

Niomi Prestedge with Herbalife

St Johns Ambulance
Kambalda Sub Centre

Thank You

The annual Women's Wellness was held on Sunday 7 August at the Kambalda Community Recreation Facility; with a steady flow of locals as well as attendees that travelled in from Coolgardie and Kalgoorlie allowing for the event to be enjoyed by all.

Inside the Kambalda Community Recreation Facility was an array of stores both from Kambalda and Kalgoorlie. Ranging from health and fitness, baking, arts and craft, beauty and homemade pamper items. The local St Johns, One Tree Early Learning Centre and the Kambalda CRC were set up in the foyer greeting attendees with a friendly smile.

Throughout the day a variety of seminars were held that were free for eager attendees to participate in. Kourtz Fitness and Nutrition held a High Intensity Training seminar which was a great hit for our gym fanatic's; Country Image Development held a modelling work shop with a short fashion parade, which was a great way for the young participants to show off their modelling skills that they had acquired from the workshop.

Overall the day was a great success that brought locals and newcomers together to enjoy the assortment of stores held at the Women's Wellness. Thank you to the organisers, seminar presenters, stall holders and everyone who came to support the Women's Wellness to make it a successful day for all to enjoy. See you all next year!

Shire of Coolgardie Kambalda Community Resource Centre

With the cold wet weather through the month of August it certainly didn't deter people from participating in activities and workshops which the Kambalda Community Resource Centre had running. A huge thank you to all of you who continue to come along and support in one way or another through these events.

On the 3 August we hosted the Welcome to Town Morning Tea. This event recurs four times a year and there is no better way for the community to welcome and meet new people to town. It is also an opportunity to pick up a 'Welcome to Town' pack which includes our Community Information Directory, local newspaper the 'Cool Rambler' and to learn about the activities and services available in the community. A warm extended welcome to all our new residents to town – John, Ned & Kea, Dave, Jess, Charlotte and Grace and not to forget our wonderful Gentle Exercise class ladies who came along to help make for a warm and friendly atmosphere.

On the 18 August the Kambalda Community Resource Centre in conjunction with Business Local brought the Latest innovations in technology workshop, to Kambalda.

Business Local Business Adviser Lee Jacobsen presented a slide show with information which proves in today's technology you can be anywhere in the world to conduct business +Mobile / Handheld devices +Cloud commuting +Apps.

The workshop enabled our local businesses to access information to capitalise on advantages found in technological solutions and social media.

We wish to encourage as many local businesses to come along to these evenings as you will leave with so much rewarding information and Lee is always happy to follow-up with any queries and questions you may have from the workshop. Remember catering and beverages are supplied.

On 31 August the Kambalda Community Resource Centre and Kalgoorlie Library partnered together to bring to Kambalda Storyteller, Glenn Swift. Glenn has been telling stories longer than his mother can remember. His career in professional Storytelling had a Fairytale beginning, literally.

Children's Book Week is the annual celebration of children's books and reading. This year's theme was Australia! Story Country.

A great turn out from story time families, Kambalda West District High School, One Tree Daycare and Kambalda Playgroup. Laughter, joy and shouting from the audience could be heard throughout the library and recreation facility. Watching the students and lets not forget, the grown-ups interact with Glenn with dancing and animal sounds was a pleasure for all to witness.

Storyteller Glenn Swift of Fremantle and Carmen Laatz of Kalgoorlie Library visiting Kambalda Library to celebrate Book Week

Shire of Coolgardie

Coolgardie Community Resource Centre

We have had another busy month in August, escaping the cold and participating in a range of fun learning and social activities.

Kambalda Women's Wellness Expo

On Sunday 7 August we travelled over to Kambalda for the Women's Wellness Expo. It was a good relaxing day out with stalls and people to see as well as workshops to attend. Thank you Kambalda, we enjoyed our day.

Tuesday Morning Craft Sessions

It has been a month of wool craft, plastic bottle craft and paper marbling. Lots of variety with a big dose of fun and laughter. We will be starting a project with Rowena at the Goldfields Wildlife Rehabilitators which will involve paint and baby kangeroos, we are looking forward to that! Watch out for Rowena's stall at Coolgardie Day on Sunday 18 September 2016.

Please keep saving your plastic soft drink and water bottles for us as our Poppy Artist Rosemarie is creating faster than we are drinking. We already have approximately 1200 poppies created but we do need a lot more. Thank you also to our Kambalda supporters who are kindly donating their bottles to us.

Business Development Workshop – Setting up Facebook for Business with Lee Jacobson

We held an "Setting up Facebook for Business" workshop evening with Lee Jacobson from Business Local Kalgoorlie on Thursday 25 August at 5.30pm. The evening started with a networking session and then we went onto the workshop which was very informative about the correct way to set up a business page in Facebook, the benefits and positives as well as touching on the security measures that you can put into place. Thanks Lee we look forward to your next workshop.

Children's Book Week Author Sara Whincup – "The St John's Cross Spider"

On Tuesday 16 August at 10.30am we hosted Sara Whincup who spoke to us about her children's book that she wrote named "The St John's Cross Spider". Sara shared her inspiring true story about living in the Rainforrest and her publishing journey that happened many years later. Sara had us all captured and possibly cured our fear of spiders. After an morning tea and chat with the attendees Sara then went up to Coolgardie Primary School and shared her beautiful book with the children. Sara has kindly donated two of her books for a "children's colouring in competition" and it is going to be a hard decision for our judges with the entries that we have received.

Local author Sara Whincup

If you would like further information on upcoming activities, please see the Community Resource Centre Calendar on opposite page or if you have suggestions for future projects Please contact: Leanne on 9025 0301 or email: coolcrc@coolgardie.wa.gov.au
