Coolgardie Poppy Project

Coolgardie CRC Craft group working on the Poppy Project

From a simple empty plastic drinking bottle ready for the rubbish or recycle bin to a commemorative wall display of vibrant colour at the RSL Coolgardie Sub Branch. The huge Coolgardie Community Resource Centre project was completed on Monday 24th April 2017 ready for Anzac Day. It was an exciting year and there were many twists and turns in the journey but it ended with a spectacular traffic stopping finish.

Our creative group are planning to go bigger for April 2018 and are starting next week so please start saving all of your 600ml or 1.25ml plastic drinking bottles. Reducing waste and turning it into art.

Coolgardie community members assembling the poppy display on the Coolgardie RSL Memorial Wall

Shire of Coolgardie

Message from the Shire President
May 2017

The Acting Chief Executive Officer and I attended the launch of the Regional Cities Plan in Kalgoorlie/Boulder last week. This plan has many phases of plans and initiatives for growth of population and industry in the City, of which it is hoped the adjoining Shires can benefit from some of these initiatives going forward.

Myself and Technical service supervisors, Keith Dickerson and Peter Miller met with the manager and supervisor of the GETS training group with the aim of gaining more traction and direction that the group will be taking under the new management group. Projects such as the footpaths in Kambalda will be ongoing and the signage and pathways at the Coolgardie Bluff will be completed in the near future.

The technical service staff and our road crews have successfully completed this year's work programme, which included resealing of local roads and the renewal of gravel roads, all of which has been achieved on time and budget which is a credit to all involved. The road crew is currently working on resheeting sections of the Binneringie Road that were affected by the heavy rain within the region in February. This road has seen a big increase in traffic usage, with the resurgence of mining activity in the Widgiemooltha area.

The Shire of Coolgardie Councillors were given a presentation by Francesca Lefante, who has been engaged by the CEO, to undertake a review of the Shires Planning and Strategy. She gave Council and Staff a great insight on how the Shire could adapt some of the initiatives in the strategy to encourage growth in our region and also how to activate tourism opportunities and holding the passing travellers in the region for longer periods of time.

I have also met with the Department of Minerals and Petroleum staff regarding the rehabilitation of the Pro Force mine site adjacent to the Coolgardie Gorge. This project is nearly completed with some surplus funds available for landscaping and tree planting. With these funds the Shire may be able to facilitate with the GETS group to complete in conjunction with the rebuilding of the Gorge wall that was washed out last year.

The Acting CEO, James Trail and I are planning to make ourselves available to meet with residents and members of our community to discuss any issues that they may have within their organisations or towns. These sessions will be held alternately between each town on the second Tuesday of each month, prior to council briefing forums. Further information will be provided in next months Cool-Rambler. If there are any urgent or pressing issues that you wish to discuss please contact the below to make an appointment

Mosquito Control

Biting insect and mosquito-borne disease risk increase across Western Australia

WA Health is warning residents and travellers to take precautions against biting insects following the widespread rainfall and recent flooding events across Western Australia (WA).

Wet weather and flooding has created ideal conditions for breeding of mosquitoes and other biting insects across much of WA.

While Local Government mosquito management programs are in place around WA, it is not realistic or logistically feasible to keep mosquitoes and biting flies below nuisance levels when such vast areas of the State are affected with the recent weather conditions.

Increased mosquito activity is likely to result in an increased risk of the mosquito-borne disease Ross River virus (RRV), Barmah Forest virus (BFV), Murray Valley encephalitis virus (MVEV) and Kunjin virus (KUNV) in some parts of WA.

Symptoms of infection RRV and BFV include painful or swollen joints, sore muscles, skin rashes, fever, fatigue and headaches.

For most people, disease caused by MVEV and KUNV has fairly mild symptoms such as headache, fever, aching, swollen joints and rash. However, in rare cases these viruses, especially MVEV, can lead to a serious inflammation of the brain and result in long term disability or even death.

There are no specific cures or vaccines for mosquito-borne diseases in Western Australia, so it is very important that people take care to prevent being bitten.

An increase in the number March flies has also been reported in the Pilbara region. At least one species of March fly, known to occur in parts of the Pilbara and northern Goldfields, has a bite that can cause serious allergic reactions in some people.

Although March flies are not known to transmit diseases to humans in Australia, the bites of some species can cause allergic reactions, including skin redness and swelling.

People should take extra precautions to avoid being bitten by mosquitoes and flies include:

- Avoiding outdoor exposure particularly around dawn and dusk (and the first few hours after dark)
- Wearing protective (long, loose-fitting, light coloured) clothing when outdoors
- Applying a personal repellent containing 20% diethyl toluamide or picaridin to exposed skin or clothing. The most effective and long lasting formulations are lotions or gels.
- Wearing head nets if outdoors
- Ensuring infants and children are adequately protected against biting insects, preferably with suitable clothing, bed nets or other forms of insect screening.

Continued P4

From P3

The recent rainfall is also a timely reminder for residents to minimise mosquito breeding around the home by taking some simple steps to remove or modify breeding sites such as:

- Disposing of all containers which hold water
- Stocking ornamental ponds with fish and keeping vegetation away from the water's edge
- Keep swimming pools well chlorinated, filtered and free of dead leaves
- Filling or draining depressions in the ground that hold water
- Fitting mosquito proof covers to vent pipes on septic tank systems and sealing all gaps around the lid ensure leach drains are completely covered
- Ensuring guttering does not hold water
- Emptying pot plant drip trays once a week or fill them with sand
- Emptying and cleaning animal and pet drinking water bowls once a week

For more information on how to prevent mosquito bites visit: <http://healthywa.wa.gov.au/fightthebite>

Shire of Coolgardie

Kambalda Time Capsule

Shire of Coolgardie To celebrate Time Capsule unveiling

A buried treasure of memories will be returning to the Kambalda community on
September 15 2017

This time capsule was buried 25 years ago in 1992 in the Kambalda Town Square, and it
is now time for it's unveiling

The Shire of Coolgardie are seeking people with a connection, in one way or another,
with the burying of the time capsule back in September 1992 to come together and be a
part of this very special event.

Please contact Val Whittaker on 9080 2115 or email:
kambaldacrc@coolgardie.wa.gov.au

Media Release

Wednesday 5 April 2017

1800-call-a-doc GP trial to continue

The 1800-call-a-doc telehealth GP trial has continued beyond its original 31 March finish date due to its popularity.

The after-hours general practitioner (GP) service has been running since April last year in rural and remote areas in southern WA and will be extended until 30 June 2017.

1800-call-a-doc allows country residents and carers to use their phones and the internet to contact GPs for non-serious acute medical problems when their regular GP is not available.

The service has proven particularly useful at peak holiday times and for communities that do not have regular access to GP services.

It is available on 1800 225 523 or by visiting <http://1800calladoc.com.au/>

1800-call-a-doc is available to all people in the Midwest, Goldfields, Wheatbelt, Great Southern and South West.

Various Roles – Expressions of Interest Only Shire of Coolgardie

Tellus Holdings Ltd is developing the proposed Sandy Ridge project, a dual kaolin mine and storage facility, located 140km north-west of Kalgoorlie. Subject to approvals and final investment decision, Tellus is aiming to commence operations at Sandy Ridge in 2018.

Our goal is to grow a sustainable company that will deliver economic, social and environmental benefits to stakeholders now and into the future.

Tellus seeks expressions of interest (EOI's) from people living in the regions of Coolgardie, Kalgoorlie and Southern Cross, who may be interested working with Tellus in the future.

- Excellent opportunity to work close to home
- Safety focused environment
- Long term project with career development opportunities

We are currently seeking EOI's from qualified candidates with experience in any of the following roles:

- Site Manager
- Production Supervisor
- Maintenance Supervisor
- Laboratory Manager
- Laboratory Technician
- Environmental Officer
- Occupational Health and Safety Officer / First Aider
- Site Administration Officer

We are also seeking EOI's from candidates interested in the following roles:

- Mobile Plant Operators
- Fixed Plant Operators

Tellus is an Equal Opportunity Employer and encourage applicants from all backgrounds to apply, including women and indigenous candidates. Training may be available to support future roles.

Candidates are encouraged to send their contact details and CV to Cynthia Ingram at HR@tellusholdings.com

Further information about the project is available on the Tellus website www.tellusholdings.com

Shire of Coolgardie

Kambalda April School Holiday Program

This April school holiday program was a great success with every activity booked out, with many having a waiting list. With the first week of the school holidays falling just before Easter the activities were based around that theme. One of the first activities was Easter craft, followed by cooking where the kids made Easter cupcakes and bacon and egg pie. For the final activity that week the holiday kids were challenged with an Easter scavenger hunt where all the kids were split into groups and hunted around the Kambalda Recreation Facility finding and solving clues to lead them to their Easter surprise.

For the second week of the April holidays the kids put their creative skills to use and created works of art using paint, a canvas and a bit of tape; they were also challenged with using their patience to create the first letter of their name out of cardboard and wool. Further on in the week the kids had a go at playing Pingo, with each participant winning a prize in the end. Progressing on to the end of the week the kids were treated with a cooking class, making scrumptious cookies and delicious pizza. For the final holiday program activity a Youth fun day was held where Jump 4 Us Kalgoorlie came out, turning the Kambalda basketball stadium into a jumping wonderland. Head Space also came out with their therapy dog Jimmy who was very popular with the children. The kids were treated with yummy hotdogs for lunch and sweets of fairy floss and pop corn to keep them going for the day.

Library arts and crafts

Fun Day Set up

All the kids that participated in the holiday program were all so well mannered and a pleasure to have over the two weeks!

On behalf of the Kambalda recreation staff we would like to say a big thankyou to all the kids that participated in the April school holidays 2017, Jump 4 Us Kalgoorlie and Head Space for travelling out to make our fun day a success. Also a big thankyou to Kambalda Recreation staff but in particular Finlay McMillan who never fails to put together an absolutely awesome holiday program for the youth of Kambalda!

Jimmy, Head Space therapy dog

Shire of Coolgardie

Coolgardie Community Resource Centre

April was a very busy month at the Coolgardie CRC. Lots of activity, workshops and Poppies!!

Anzac Poppy Project 2017

Twelve months ago our Tuesday craft group set themselves a massive project, which was to decorate the Coolgardie RSL in April 2017 with a swarm of colour – lots of red poppies flowing down the outside wall into the memorial garden. We decided to create it using recycled drink bottles which were individually melted over a candle and we asked the community to save their bottles and thank you, we certainly received enough to complete 2000 poppies. We did not get as many done as the Tower of London but considering we are a small and dedicated group who meet once a week we did pretty well.

It was all very well making these poppies but we then needed to get them painted, stored and up on the wall in a way that they would not fall down. Thank you to Bob Kippin and Rangi Samuel, as well as Wayne Bird and Gorrie Williams from the Coolgardie Community Men's Shed for the painting and also a HUGE thank you to Alan Bergin who designed the wall set, added a few soldiers and then put it all together for us.

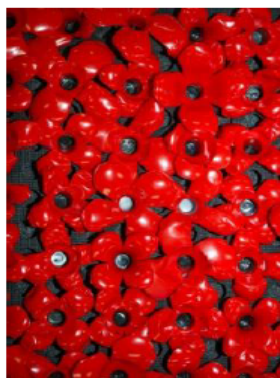

Monday 24th April 2017 was the day of installing the artwork onto the wall which of course had to be done with an Alan Bergin designed rope and pulley system as there was no big stairwell to carry it up. Thank you to everyone who came out on the day and helped. Roy Bergin, Dave Shilton, Brett Pengilly, Bob Kippen, Rangi Samuel, Alan Bergin, Toni and Derek Gale, Phil Chambers and Willy Corcoran.

I am very proud of our achievement and our wonderful ladies who participated in the project and I know that it will be used in years to come. We have had media coverage with the Kalgoorlie Miner Newspaper as well as ABC Local Esperance-Goldfields on Facebook and a radio interview. If you use Facebook you can visit the ABC Open page and see the photos and also a video of Rosemarie Pettit (nicknamed poppy) creating the poppies. There has already been 2900 views of the video so Rosemarie is also inspiring a lot of other people in this craft.

Well done to Rosemarie Pettit, Marlene Cullen, Elaine Brown, Betty Furge, Jill Scutter, Josie Anderson, Nancy Day, Lyn Sojan and also the GETS artists who helped us with the painting of the bottle lids. Job well done 😊

Front Row: B Furge, M Cullen, N Day
Back Row: W Corcoran, R Pettit, L Shilton

Alan Bergin happy with the final result

If you would like further information on upcoming activities, please contact Leanne on 9025 0301 or email: Coolcrc@coolgardie.wa.gov.au

KAMBALDA MENS SHED

It's Glue That Holds This Joint Together

SCROUNGERS PAGE

The Shed is now operating from the Old Badminton Hall at East Oval.

Accordingly, we are looking for tools etc to fill it up:

If you have anything you consider may be useful please let us know.

Some examples may include:-

Hand Tools

- Spanners
- Files
- Pliers
- Woodplanes
- Drill Bits
- Hack Saws
- Etc. Etc.

Power Tools

- Electric Drills
- Skill Saws
- Hand Planers
- Sanders
- Compressors
- Lathes
- Etc, Etc.

Misc Tools

- Ladders
- Scaffolding
- Planes
- Work Benches
- Shelves
- Etc. Etc.

Kitchen Equip-

- Pots & Pans
- Knives & Forks
- Table & Chairs
- Plates, Cups, Saucers
- S/Steel Benches
- Etc. Etc.

Lounge Equip-

- Sofas
- Chairs
- Televisions
- Stereos
- Books
- Etc. Etc.

Office Equip

- Desks
- Chairs
- Computers
- Printers
- Book Cases
- Etc. Etc.

Projects

- Lawnmowers
- Chainsaws
- Bicycles
- Furniture
- Televisions
- Etc. Etc.

Money

- \$100 Bills
- \$ 50 Bills
- \$ 20 Bills
- \$ 10 Bills
- \$ 5 Bills
- Etc. Etc.

IF YOU HAVE IT AND DON'T WANT IT – GIVE US A CALL – TONY 9027 1493

KAMBALDA MENS SHED

It's Glue That Holds This Joint Together

NEWSLETTER #6

Greeting from "The Shed"

What an amazing little community we have in Kambalda. The donations of tools and machinery just keep coming in. Our apologies to all those that we have not managed to pick up from at the moment.

This month we must thank Graeme Brockman, Eroll Meredith and Bunnings Kalgoorlie for their generosity.

Memberships are still growing but please remember it's not just about "Old Codgers". Anyone, male or female, over 12 years old is welcome to become a member.

"The Shed" is gradually getting organised in to an operable space, under the guidance of Shed Supervisor Gary, by the members who are making work benches, shelving and restoring donated machinery.

Projects, and ideas for fundraising, are starting to get off the ground. One major project is the restoration of a horse drawn Sulky. It may not look much now (firewood and scrap metal) but watch this space.

Most importantly "The Shed" needs the services of a Secretary and/ or a Data Processor Supervisor who is fluent in the use of computers and the magic they can perform. If you would like to help out on a Pro Bono basis please give Vice Chair Colin a call on 9027 1155. We would love to hear from you.

There is always an open invitation in place for all to visit "The Shed", on Serpentine Rd, any **Saturday from 10.00am** for a chat, a cuppa and a look around.

Best wishes to all. See you at "The Shed".

THINK NOT WHAT THE KAMBALDA MEN'S SHED CAN DO FOR YOU
THINK WHAT YOU CAN DO FOR THE KAMBALDA MENS SHED

Anzac Day 2017 at Coolgardie

This year at Coolgardie there was a March that started at 5.45am from the corner of Renou and Bayley street up to the Memorial Garden for the 2017 Coolgardie Dawn Service. The March was led by First Class Constable Ferris and W Corcoran played the bagpipes. The salute was taken by Sergeant Pengilly from the Coolgardie Police Station.

A crowd of approximately 280 people gathered for the 6.00am Dawn Service. RSL President Willy Corcoran welcomed everyone and invited them to sing the Hymn 'Oh God Our Help In Ages Past' the gracious harmonies were sung beautifully by the Coolgardie attendees on the clear crisp morning.

Harley Cullen from Coolgardie Primary School read out the poem "Flander's Field" with support from his brother Maverick; this was then followed on by Cheyenne Aird and Cassiopeia Middleton from CAPS School reading a piece about "Simpson and his Donkey". Well done to our young readers, your voices were clear and crisp and you delivered your speeches very confidently in front of a huge crowd.

Corcoran delivered an address which reflected on the first world war, its conflicts and how the name "ANZAC" came about; telling of how the two countries that fought together formed a mate-ship that came about creating the Australian and New Zealand Army Corp. Robin Wade also delivered a powerful and touching address about the second world war. It was heartfelt and he acknowledged Papua New Guinea's roles (affectionately named The Fuzzy Wuzzy Angels), as well as the background story of the Ensign and he also thanked Robert Javapro for being present with the Papua New Guinea Flag.

This was then followed by the Laying of the wreaths where Corcoran played "Abide with Me" on the bagpipes. We then listened to the Ode and the Last Post which saw our Air Cadets Wade, Javapro and Mangwa who lowered the flags. The Minute Silence was followed by Vic Dales recorded Poem titled "Anzac Dawn"; with the Rouse played and followed by the New Zealand and Australian National Anthems.

The Sunrise completed the service with a stunning display of gold and orange sending threads of sunlight across the colours and textures of the wreaths, attendees, the poppies that filled the Memorial and its gardens. Corcoran was pleased with the Service and the attendance and commented that,

"It was especially moving to see the young children who participated and attended the Service,"

After the service everyone was welcomed to a beautifully cooked breakfast, prepared by the RSL Committee ladies and friends. The breakfast was not complete without a cup of tea or coffee with the appropriate additive. A big thank you to our cooks and bar staff, we really appreciated your involvement.

A talking point of the RSL this year was the fantastic display on the Western wall of the building in the Memorial Garden. A big thank you to the ladies from the CRC Craft group who turned the 2000 plastic bottles, into a vibrant display of poppies and also to Alan Bergin for his great efforts in getting that display onto our RSL building.

Additionally a big thank you to the uniformed Police, Fire Brigade and St Johns Ambulance for attending as well as to all community members. This day would not have been possible without the support of Moran's IGA, two generous community members and sponsors, the RSL Committee, partners and friends, Robin Wade, the Air Cadets, Sergeant Pengilly and his crew.

Once again thank you to all - "Lest We Forget"

W Corcoran
President

The Returned and Services League of Australia Kambalda Sub Branch

DAWN SERVICE.

The service got under way at 06:00; with a parade of Volunteer Fire and Rescue members, St John members (who were the flag orderlies) and Police members all in their uniforms.

The R.S.L. president gave an address which embraced the reasons and values of ANZAC Day. This was followed by wreath laying and then into the all important flag ceremony. The St. John's members did a great job of lowering and raising the flags during the ceremony and Tanya Fyfe was really good on her trumpet, bringing that sound of reality to the service with Last Post and Reveille.

That concluded the Dawn Service with everybody moving over to the club for a Gunfire Breakfast and a very welcome cup of 'spiced' coffee or tea, for those that wanted.

The service was extremely well supported by members of the Kambalda public. Estimated numbers around 250. A wonderful effort, particularly from the mining companies who brought their workers in by bus. Thank you to those companies.

11:00 A.M. PARADE.

All the groups assembled down at the old fire station. The parade was led by a police car, followed by Stef Karafilis's old army jeep, Godfrey Patten bearing the flag, returned servicemen, Volunteer Fire and Rescue members, St John members and Police members. This service was also very well attended by the public of Kambalda, with estimated numbers around 200.

We all marched over to the Cenotaph, got into position and commenced proceedings. The ladies from the local AOG church sung hymns during the entire ceremony. A big thank you to them.

The RSL president delivered his address.

Once again the St. John's members did a really good job of lowering and raising the flags during the ceremony and Tanya Fyfe was good on her trumpet, bringing that sound of reality to the service.

Immediately after we had the New Zealand and Australian National Anthems

The ceremony was concluded with the ladies singing the song 'Great South land'.

The uniformed parade then marched out from the cenotaph, to the song 'Spirit of the Anzacs by Lee Kernaghan, and Kambalda Volunteer Fire and Rescue Services Captain Darren McCarthy took the final salute.

We then dismissed and retired to the Kambalda Club. The traditional game of 2 UP was played (responsibly, thank you John Kempton) out the back of the club.

LEST WE FORGET.

We also need to remember, and consider happenings within Australia today.

THE PRICE OF LIBERTY IS ETERNAL VIGILANCE

Coolgardie Volunteer Fire & Rescue

From the desk of the Coolgardie Volunteer Fire & Rescue Captain – David Shilton

Winter is approaching so it's time to put some precautions in place now to avoid possible fires and damages to your house. Make sure your fires and chimneys are cleaned and if the power goes off due to storms, be careful with candles and don't leave them unattended, near windows with curtains or next to any inflammable products. The number of house fires caused by candles is huge and can be easily prevented if care is taken.

Have you checked your clothes dryer lately? Make sure they are clean of lint and dust; if you are drying clothes in front of a fire or radiators make sure you have them at a safe distance to avoid a fire.

Smoke Alarms in the house, we can't stress enough how important and affordable these are and they do save lives! Check the batteries in them and if you don't have them already go and get them. House fires do not happen only in the day time when everyone is awake, they can happen during the night or early morning while everyone is asleep and if looked after smoke alarms do not sleep!!

Take care on the roads with the change of weather. We can forget how slippery a bit of rain makes to the road conditions, drive safely and drive to the conditions.

If you are interested in joining us, come down and meet the team on our training nights which is held every Tuesday from 7.00pm.

For more information contact David Shilton on 0412 859 582

GOLDENMILE EQUESTRIAN CLUB INC

Well another Easter show has been done and dusted for 2017, Perth Judge Claire Matsen judged Saturday with the Breed & Handler classes, & Sunday was the Ridden events, with Local Judge Peta Lassey judging the second ring of ridden events. A big thank you to Luke Munro & Ann Gould for pencilling, and to all the members who helped set up and pack away. A bit thank you to Sharleen Axcell for feeding everyone on the weekend.

title of Miss Kambalda

The Kambalda West District High School P & C Rainbow Lapathon 2017

Held on Tuesday 11th March, the first annual Rainbow Lapathon at Kambalda West District High School was an overwhelming success! The P&C had set an ambitious fundraising goal of \$8000, hoping to supply the school with approximately 13 new ipads, and planned for a fun afternoon welcoming new families to the school, as well as inviting families along to join in the fun with their children.

We received incredible support from local businesses, including cash donations, items we utilised for prizes in a raffle and a prize draw for students, and the biggest donation of 5 new iPads from Goldfields St Ives! Coupled with the impressive fundraising effort by students and their families, the event managed to raise just under the goal of \$8000! Thanks to all the donations and funds raised by students, the P&C is currently in the process of

purchasing the iPads, with a total of almost 20 iPads being given to the school directly from the Lapathon!

Students, families and teachers alike, all got amongst the fun at the KWDHS P&C Rainbow Lapathon! A wonderful afternoon was had by all who participated (we estimate over 250 participants!), and afterwards even more parents were remarking that next year they will bring a white shirt and join in the fun! Facebook newsfeeds were well and truly abuzz that afternoon and evening with bright colourful photos, lots of happy faces and many wonderful positive comments.

The P&C could not have made this event so successful without firstly the full support of the school and staff; students who worked hard to fundraise such an impressive amount; local businesses for their kind and generous support and the help of all who volunteered their time in planning and assisting on the day with running the event.

MAY SQUASH NEWS

The **2017 Pennant** season is currently in recess for the school holidays. Now that teams are a little more settled after the rough beginning we are seeing some fantastic close matches.

Some of the more "mature", wiser, wily players are still making it very difficult for the more enthusiastic younger ones by using a clever array of differently paced and strategically placed shots rather than trying to match the sometimes brash and smash shots. A couple of 5 gamers were between Kane and Conor and Cheresse and Calinda. Glenn has taken a number of matches to get into the swing after the long break between seasons, but is now showing the form that has made him the top number 1 for the last 5 seasons (the one everyone else wants to beat). Hostilities will resume on Wednesday 26th April for the run home to the Finals in June.

Teams Asahi and Dry have a bit of catching up to do while the others try to rein in Team Budweiser. Individually in the #1's Caleb Brown (37 points) has an 11 point advantage over Glenn Smith (26 points) followed by Peter Siebert (24 points); in the #2's Reed Leeson (37 points) leads Dean Fraser (30 points) and Reece Piggott (29 points); in the #3's Jemma Leeson (34 points) has a small 5 point lead over Stef Karafilis (29 points); in the #4's Tam Piggott (36 points) leads Bridget Phillis (30 points).

Squash is an all weather sport Great for fitness and known as the best sport for **cardio-vascular** health.

Where? - At the courts behind the Kambalda Community Recreation Facility

When? – Monday night is Social night 7.00 – 9.00pm

Cost? - \$3.00

Shire of Coolgardie Community Assistance Fund

The Kambalda United Junior Soccer Club would like to thank the Shire of Coolgardie for their support to purchase new goals and training equipment for the club.

Thanks to the Community Assistance grant, we have been able to purchase new goals to reflect guidelines and purchase new training equipment to assist coaches with training sessions and enable kids to develop their skills.

It is only early into the start of the 2017 season but the children are really enjoying their training sessions so far and the coaches love the new equipment available.

We would like to thank Bianca Johnston for purchasing the new equipment.
Dave Baggott for taking on the coaching role for the Under 6's and Under 7s teams and
Tamar Palta for coaching the Under 9s team.

Your contribution and support to the club is exceptional and we couldn't do it without volunteers like you.

We wish our teams' good luck for the 2017 season when it officially kicks off in May.

THANKS FOR PLAYING
A BIGGER PART.

The work of St John is vital to the health and wellbeing of our community and it wouldn't be possible without the dedication of our thousands of volunteers. We would like to say a huge thank you to each and every member of our team. If you're interested in joining them visit stjohnchangelives.com.au or free call 1 800 069 393

Split Systems Servicing

Un-serviced units run at a lower efficiency and can cause:

- Higher power bills
- Limited heating & cooling capacity
- Noisy operation
- Mould and bacteria growth that can cause illness and foul smells.

Reverse cycle is the best way to stay the perfect temperature all year round. Routine maintenance will keep your unit at its best, for every season.

Your aircon will work better, smell better, and cost less to run

Servicing increases the life of your unit and protects your investment, make sure you trust the best with the responsibility. Our specialist cleaning products and expert tradesmen will get your unit working like brand new.

*View our before and after on facebook in colour

Have an evaporative airconditioner?

A winter shutdown is a great way to save money by:

- Prolonging the life of your unit and its parts
- Reducing heat loss from your home
- Reducing the chance of split pipes caused by freezing in winter

Call us now to book yours in!

The Pastor's Pen with Bill Kirkland

Some people achieve great things in life often won through hard toil and sacrifice. Most people love to see the 'underdog' win or succeed.

One consistent theme throughout the Bible is kings and rulers achieving great feats. They are seen conquering kingdoms, overcoming hardships and being greatly admired. Great achievements bring great satisfaction providing one has not sacrificed one's integrity, one's family and one's morals in order to succeed. God is the One who gives the intellectual capacity to achieve academically, the physical strength to run and jump or the emotional strength to help others. God even gives us the ability to make wealth. Pride is the inevitable result of accomplishments without acknowledging the One who gave us the ability in the first place. Psalm 104:14-15 reads, 'You let the earth produce grass for cattle, plants for our food, wine to cheer us up, olive oil for our skin, and grain for our health.'

The Bible speaks of one of the world's all time most powerful leaders. His name was King Nebuchadnezzar. He ruled over Babylon for many years. He felt his success was all due to his own wisdom and abilities. He made a statue of himself and expected people to worship it. In the end, as a result of his pride, he was driven to madness and lived like an animal for seven years. At the end of that time he came to his senses and declared, 'That's why I say: "Praise and honour the King who rules from heaven! Everything he does is honest and fair, and he can shatter the power of those who are proud." Daniel 4:37

King Solomon observed, 'What is the best thing to do in the short life that God has given us? I think we should enjoy eating, drinking, and working hard. This is what God intends for us to do. Suppose you are very rich and able to enjoy everything you own. Then go ahead and enjoy working hard--this is God's gift to you.' Ecclesiastes 5:18-19

While Jesus was on trial Pilate said 'Don't you know that I have the power to let you go free or to nail you to a cross?' Jesus replied, "If God had not given you the power, you couldn't do anything at all to me. Power, achievements and life can all be celebrated but don't forget to acknowledge the One who gave us the ability to achieve them.
