## Coolgardie Day

### 125th Birthday Celebration

"It's all about family"

Coolgardie Day is the celebration of Arthur Bayley registering his claim for himself and William Ford, known thereafter as 'Bayley's Reward', on the 17th of September 1892 at Southern Cross. It was the beginning of the Eastern Goldfields and was to spark the greatest gold rush in Australian history.

The Old Camp is truly the Mother of the Eastern Goldfields' and has celebrated its birth right for most of its history. By the end of WW1, the population of Coolgardie had dwindled down to about 350 residents.

It is not known at what point in time the celebration became known as 'The Coolgardie Railway Picnic'. We do know that the Railways would put on a free train from Kalgoorlie to Coolgardie to celebrate Coolgardie's birthday. In line with Goldfields history, Coolgardie Day has had its rise and falls. The 1970's under a very pro-active Council, saw the day rise to old heights with the introduction of camel racing down the main street. Like all events in all towns, it was only as good as the economic environment and the people who give their time to create these special days. Time was again to see the Day shrink, but not to disappear. In 1992, and again with the support of a very active Council, the Shire of Coolgardie brought together a good collection of its business and professional people with the intent to build the day to a major attraction on the Goldfields. I was a foundation member of that committee and at this point it became an incorporated body.

Today, Coolgardie Day enjoys the respect it is entitled to. It is the oldest event in the Eastern Goldfields. It is firmly etched on the West Australian Calender of Events and still brings people back to the Goldfields who have soft memories of their past. Crowds of 10,000 plus have made Coolgardie Day a nice place to be.

Today, Australians care about our history, and why not? We have earned it. And so the significance of the Day will rest with today and tomorrow.

The above information was kindly provided by Victor Churchill Dale, Past President.

The Coolgardie Day Committee is excited about the 125 year celebration and this year we have the returning of the "Cabaret" on Saturday night 16/09/2017 – tickets can be purchased directly from the Goldfields Arts Centre or purchased from their on-line website.

And in case you are wondering what the day will bring this year besides the good weather, positive fun, and many visitors into the town!! - Well lets just say that there will be good music, street performers, and activities (maybe noisy) that are very important to the history in the Goldfields. As well as lots of free fun for the family in the park, rides to make you laugh and scream, proud stall holders, delicious food, the strongest men in the west, a street parade, farm animals, bouncy fun and more!!

"Its all about the family" and there will be a mixture of both free and affordable fun for all ages. Come and spend the day with us and we look forward to seeing you.

## Shire of Coolgardie

Message from the Shire President  
July 2017

Councillors and staff will be participating in a series of workshops during the next two weeks to discuss rating and budget modelling strategies with a view to be in a position to adopt the 2017/18 budget early next month. It is hoped that this will help the preparation of our financial position with regard to having the Auditors visit to the Shire in September.

The Shire hosted community forums on the 11th and 12th of July in Coolgardie with presentations and information regarding the trials of the implementation of the Federal Government Welfare Debit Card in the communities of Ceduna in SA, and the East Kimberly in WA. The presentation was conducted by Dougall Ethell from the Minderoo Foundation, who did an excellent job explaining how the system worked and the outcomes and improved results in both of these communities following the cards implementation.

The first session on Tuesday was for Councillors and other Government agencies, and the second on Wednesday morning for the public which, was well attended with 35 people coming. This included the member for Kalgoorlie Kyran O'Donnell, Superintendent of Police Darryl Gaunt, our new OIC of Police in Coolgardie Shannon McGowan, Patsy Dellar from the IGA and members of the Judumul Advisory Aboriginal Corporation (formerly CAAG ) which I thought was a great turnout. During and following the presentation, there were many questions put to Dougall, regarding people's concerns about how they would be affected should the card be introduced within the Goldfields Region.

Following much discussion most people's fears that anyone would be disadvantaged were allayed by Dougall, and overall the majority of people in attendance were in favour that the introduction of the card would actually benefit the region.

The Shire received some really great news last week with verification of funding from Department of Primary Industries & Regional Development for the continuation of our Community Resource Centres in both Coolgardie and Kambalda, for the next eighteen months. I would like to make special mention of the work that our CRC Officers Leanne Shilton and Valerie Whittaker put in to preparing the Tender Documents to secure this funding and in doing so they have saved an estimated \$8,000, that consultants have charged other Shires to prepare their tenders.

During these eighteen months it will be imperative that we gain the support of the whole community to fully utilise the programmes and projects within our Recreation Facilities provided by the CRC's in an endeavour to secure follow on funding for the fifteen months there-after.

Councillors and Staff embarked on separate road trips to Widgiemooltha last week to investigate the proposed road closure by Mincor Resources at the proposed mining operation south of the townsite.

Meeting with local resident Jan McLeod and Paul Darcy from Mincor, on site has revealed that the subject road is not actually on the road reserve and Mincor have offered to realign the existing track for access by light vehicles, therefore removing the need to close the road. The Shire will await any submissions on the proposal before making a decision.

The CEO and I have hosted several meetings recently with proponents of haulage campaigns and one in particular with Maximus Resources, who have purchased the Burbanks Treatment Facility 10kms south of Coolgardie. They are intending to commence toll treating gold ore from various mining ventures surrounding Coolgardie, whilst looking at recommencing mining at the Wattle Dam Mine south of Kambalda. They will then transport the ore to the plant at Burbanks.

The other meeting with Empire Resources and Hampton Transport, who are intending to be the first customers at Burbanks, are requesting permits to haul their ore on Ladyloch and Nepean Roads in the Shire. This is all good news with increased mining activity in the Shire.

Further good news this week, has seen the arrival of a brand new T & R transportable home in Coolgardie last week. This is the third brand new home under construction this year, with two other site built homes nearing completion. Despite the negative statistics from the recent census, it goes to show that people are still positive about building and living in our towns, which augers well for our future.

The Goldfields Tourism Network launch of the Golden Quest Discovery Trails smart phone app of the Drive Yourself Wild promotion of the self drive trails of the Goldfields region was held at the Hannans North Tourist Centre on June 30th.

This was followed up by a \$10,000 advertising campaign on GWN 7 to be run until October, to promote and entice the older travellers to the Goldfields region during the spring months. It is great to see Neil and the GTN committee being really proactive in the promotion of tourism in the region and looking at all avenues of giving all the member Shires value for the money they are investing in tourism in their towns.

## **Shire of Coolgardie**

From the desk of the CEO

Hi everyone

We have had another busy and productive month here at the Shire. It is that time of year when finances, budgets and future structure and projects are discussed, confirmed and set into place for the following financial year. Well done to all management, staff and Councillors who have all been a part of these processes.

The Shire of Coolgardie Fees and Charges were resolved and set at the Ordinary Council Meeting held on 27 June 2017 and took effect as of the 21 July 2017. This is for all of the fees and charges within the Shire. Copies are available at the administration and recreation centres as well as online on our website for people to view.

A meeting took place regarding the 2017/ 2018 financial year rates and in accordance with Section 6.36 of the local Government Act 1995 we gave notice to our ratepayers of the intention of the Shire of Coolgardie to levy the following differential rates. The Category Proposed Rate in \$ Minimum Rate is UV Mining 22.5945 \$441 and the UV Rural / Pastoral 11.3276 \$691. A statement detailing the objects and reasons for the differential rate is available at the Shire's Libraries and Recreation Centres. Electors and rate payers are invited to make written submissions on the proposed differential rates and they are to be forwarded no later 4.00pm on 7 August 2017. Once the council has considered any submissions the differential rates and the 2017/2018 budget (with or without modifications) will be adopted by Council. You still have time to write in your submissions and if you have any please do not hesitate to do so as we are encouraging it.

Election time is approaching us and this year we will be having four positions becoming available to become an Elected Member/Councillor for the Shire of Coolgardie. The Coolgardie and Kambalda Community Resource Centres are having a Webinar Session on Thursday 17 August from 4.30pm, which is put on by WALGA (WA Local Government Association). It will be played on the big television screen and it is the perfect opportunity to come along watch the Webinar and ask WALGA the questions directly. By becoming an elected member or councillor not only do you get to learn new skills and training from WALGA you also get to make a difference to your community and everyone brings their own unique skills and traits to the table. I will also be available for a question and answer session at both Coolgardie and Kambalda the week after the Webinar and look forward to meeting with you.

The next Council meeting will be held in Kambalda at the Recreation Facility on Tuesday 22 August 2017 at 6.00pm. We have copies of all Council Agenda's and Minutes available for reading at the public libraries or they can be easily accessed on the Shire of Coolgardie website [www.coolgardie.wa.gov.au](http://www.coolgardie.wa.gov.au)

The Shire has set a special meeting of council on Tuesday 15 August to adopt the 2017/2018 Budget. It is anticipated that the efficiencies and savings achieved in 2016/2017 will be reflected in the 2017/2018 Budget. The Service Level Review received by Council has set the foundations for the forthcoming Budget.

It is with great sadness that I am advising the communities of the passing of Stephen Jones. Stephen's funeral will be held Friday 4 August at 3.00pm in Kalgoorlie. Our thoughts go out to all family and friends of Stephen. All Shire buildings and services including Kambalda and Coolgardie Recreation Facilities, Landfill Sites, Depots and Administration facilities will be closed on Friday from 1:00pm so that staff are able to attend Stephen's funeral.

Keep warm everyone and we look forward to another busy and achieving month here at the Shire of Coolgardie.

Kind regards

James Trail

# Time Capsule Celebration

## Memories of Kambalda's 25th Anniversary

On 15<sup>th</sup> September 2017, Kambalda will be celebrating its 50<sup>th</sup> anniversary by opening the Time Capsule that was buried inside a commemorative rock 25 years ago.

During 1992, I was working as a professional photographer in Kambalda (Kathie Lindup Photography), and some of you will remember me taking photos of sports teams, school classes, 21<sup>st</sup> birthdays, weddings etc. I was privileged to be the official photographer at the two major events which marked Kambalda's 25 years.

The first was Western Mining Corporations 25<sup>th</sup> Anniversary Community Fair, which was held on the Kambalda (East) Oval on Saturday 12<sup>th</sup> September. As well as the "Kambalda Gift" race (based on the "Stawell Gift"), my photos show a tug-of-war, pony rides, sky diving, an art and craft exhibition, pottery demonstration, face-painting, train rides, an engineering demonstration by WMC apprentices, a rock drilling competition and a presentation by the Kambalda Volunteer Fire Brigade.

There were also food and drink tents, and an ice cream van. It was a full day event which culminated in a spectacular fireworks display on Lake Lefroy. My family and I sat on the hill near the Silver Lake head frame, where we had a bbq whilst waiting for the fireworks to start. They were ignited from an exploration causeway and were breathtaking with a background of the Salt Lake and a full moon.

Three days later, the Shire of Coolgardie organised two large rocks, which had separate plaques and Time Capsules, to be erected in the Kambalda Town Square and the Kambalda Lions Park. I went along with my camera, to witness the rocks being put into place by the CPC crane. The rocks were on the back of a Shire truck. If I recall correctly or after placing the first one in the Town Square, the truck and crane then travelled to Kambalda West; but as the rock was being lowered in to the prepared area, someone read the plaque and realised that it was the wrong one!

Thank goodness there was enough time for the vehicles to travel back to East and swap the rock over before the official ceremonies were to take place.

The first ceremony was held at 11.00am in the Town Square. The Shire President, Lou Carnicelli, Deputy Shire President, Billie Ingham, other Shire Councillors and dignitaries, along with the pupils and teachers of Kambalda Primary school took part in the event. The Time Capsule for this service was to be opened on 15<sup>th</sup> September 2017.

At 2.00pm, on the same day, students and teachers from the two Kambalda schools joined the dignitaries at Lions Park. This ceremony celebrated the Time Capsule which is to be opened on 15<sup>th</sup> September 2067, to mark the 100<sup>th</sup> Anniversary of Kambalda.

All of the photos from the Time Capsule events are on display at Kambalda's Public library. There are still people in the town today who will recognise some of those in the photos. Why don't you make a visit to the library and check them out?

**COULD TOO MUCH SITTING BE BAD FOR OUR BRAINS?**

In many aspects of our life when we need to use our brain power, we tend to sit down: at school, at work, reading, using our mobile phones or watching television.

Researchers from The University of Western Australia, in collaboration with the Baker Heart and Diabetes Institute - a global leader in sedentary behaviour research, are examining the prolonged negative impact that sitting might have on our brains.

Lead researcher UWA PhD student Michael Wheeler said the brain is a powerful organ but it needs a stable glucose supply to function optimally. Glucose levels outside that optimal range can have a negative impact on brain health.

“Our brain weighs about two per cent of our body mass but demands about 20 per cent of our resting energy requirements, which is mostly in the form of glucose - the primary brain fuel,” Mr Wheeler said.

“Sitting for long periods throughout the day alters our blood glucose levels, which in turn may affect the brain.”

Mr Wheeler said multiple studies had demonstrated that reducing and replacing sitting with light intensity walking helps keep glucose levels in the optimal range, particularly after food consumption. This means glucose levels do not spike too high, or dip too low.

“Studies investigating the effects of excessive sitting on brain function have had mixed results so far,” Mr Wheeler said.

“But what the studies do agree on is that interrupting sitting with regular activity breaks is positive for many aspects health.

“For scientists, the way in which sitting is likely to affect brain function still poses a research challenge. Based on the available evidence, it’s more likely that reducing sitting would slow cognitive decline, rather than improve cognitive function. Physical activity is also beneficial for other health outcomes.”

So what should people do to improve the health of their brains?

“Take a walk after lunch, wash the dishes by hand after dinner or take an active commute to and from work if possible,” Mr Wheeler said.

“There is much opportunity to reduce sitting time throughout the day, and therefore much potential to have a positive impact on our health.”

The research project has been supported by funding from the National Health and Medical Research Council (NHMRC).

# High Tea Fundraiser

## What a great community we live in

On Sunday 30th July the Kambalda community showed us once again why it's one of the very best around.

Myself (Sarah Neal) and Emily Piggott held a High Tea to raise money for a fellow mum, friend, and community member, Kirra Bird who sadly is fighting cancer for the second time.

We wanted to help her out by relieving any financial strains this time may bring.

The event was held at the Kambalda Hotel located on Bluebush Rd, who kindly let us use the room, organised us with a staff member to give a lending hand, all free of charge. Champagne was also donated by the Hotel for guests to enjoy.

Food was provided by friends, acquaintances and everybody who walked in the door.

In between donations flowing in the Tea Party came together like nothing we ever imagined. People who came were generous buying plenty of raffle tickets. All our prizes were donated from local businesses.

Everyone ate, talked, socialised and enjoyed themselves all in honour of their fellow community member.

Thanks to all involved but special thanks to:

Chakra Tree, Hippocrocaduck, Kambalda Hair, Angel Hearts Nail and Beauty, Charlton Design Graphic Prints, Free Spirited Essential Oils, Super Sarah & friends, Kambalda Hotel, Rustic Putter, Artisan Savon, Lena Dole, Allison Dowey, Tanya's Cakes Galore, SB Naturopathy and Hufflepuff Honey Farm.

## AUGUST SQUASH NEWS

The **2017 Autumn Pennant** season drew to a close with the playing of the Grand Finals on Friday night July 1<sup>st</sup>. Teams **ASAHI** and **DRY** were eliminated in the preceding two Finals nights. Unfortunately the Finals didn't pan out to be as close as in previous encounters between these teams, but none the less, some great squash was witnessed by the gallery of spectators. After a consistent season, Caleb finished off in fine form by defeating Peter in a hard fought match while Jemma played her heart out in two matches against Xavier (a very close one) and Dean, only to go down in both. Cheresse got the wood over Bridget which clinched the Final for her team. Cheresse is turning into a good luck charm having been in three winning Grand Final teams in the last three years. In the Plate Final, it was down to the wire between Sean and Reed (who was also playing two matches) with Sean prevailing. Reed won his second match against Reece in fine style with Stef and Tam taking wins against Kayla and Ryan. As usual, the Finals were followed by award presentations, plenty of food supplied by Karin and her crew with refreshments and plenty of discussion on the season gone. A big thankyou to the few that assisted in organising the Finals.

## The Pastor's Pen with Bill Kirkland

I once saw a show on TV called "Doomsday Preppers". It is a show about how some people see great catastrophe ahead and what they do to prepare for it. The people are labelled "doomsdayers" because they believe doomsday is imminent or not far away. Whether it be in case of a future nuclear explosion or world war people build bunkers, store food and seek survival methods for if or when the event takes place.

The nation of Israel was once taken into captivity for 70 years by the Babylonians. At the time Daniel was a young Jewish man who was given a leading role in the government. A time came when the extremely powerful King Nebuchadnezzar was troubled by a recurring dream. King Nebuchadnezzar was quite a brutal man and ordered that any magician, soothsayer or fortune teller who could not tell him both his dream and its interpretation should be put to death.

How amazed the King was when Daniel the young Jewish man was not only able to interpret the dream but tell the King what the dream was. Daniel told of a large statue made up of different levels. Each level of the statue represented future kingdoms that were to come. The Babylonian kingdom was to be replaced by the Persians and then the Greeks and then the Romans. Historians have no natural explanation for how a man could so accurately predict the coming kingdoms hundreds of years before they happened.

In the King's dream, there was also a kingdom mentioned that would have no end (Daniel 2:44). Daniel was referring to the kingdom that the Lord Jesus Christ would bring to earth. That kingdom began with the arrival of Jesus Christ, however most did not recognise it.

Though most people aren't as extreme as the 'doomsday preppers' most try to insure themselves against some future events. Sadly, some of the preppers will die of cancer or heart attacks before they get to try out their bunkers. Scripture makes it clear that every man-made kingdom will eventually collapse or be destroyed. The kingdom mentioned in Daniel chapter two is an everlasting kingdom that will never end. You are invited to be part of this kingdom. It appears to me that by far the safest bunker is Jesus Christ Himself.

### Join us on Saturdays

We are open from 10am—2pm each Saturday. Come on down and see what we do. If you are interested in learning about ceramic mosaics or maybe participating in the Kambalda Mosaic Pathways Project, pop in and join us.

You are invited to chat, participate in the proposed project and to empower and inspire your community.

**Morning tea provided, BYO lunch, wear old clothes**

**Venue: Kambalda Arts Centre—Art House**

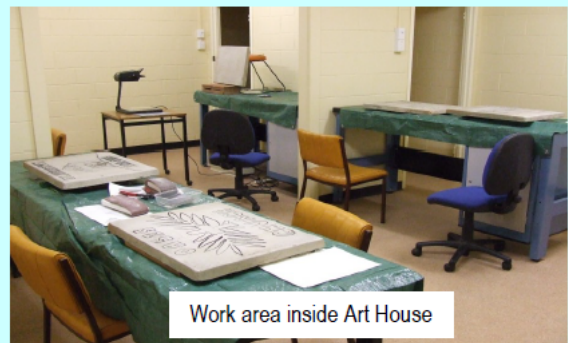

**We supply all material and tools.**

**Enquiries>[scottymail@kcaag.com.au](mailto:scottymail@kcaag.com.au) or phone 90273089.**

We have some participants working on their mosaics now and these are of the designs on partly finished slabs, size 60 x 45cm.

Our program is supported by our regional partners, the Shire of Coolgardie, Independence Group and Kambalda Boulevard.

## Gutter cleaning

Ensure your gutters are ready for the downpour this winter by getting them cleaned out now, call us to get an estimate and book yours in.

Blocked gutters can lead to:

- Water leaks that damage walls and sag ceilings
- Rising damp and mould
- Pooling water can break down concrete and driveways
- Rotting wood fascias
- Insects living in debris and pooled water
- Cracks in foundations and damaged brickwork

## Heating

Keep your family warm with our range of heating options  
**Need a new heater installed?** Call us now to find out your options.

**Already have a heater installed?** A simple service and clean could get it working like new and prolong it's life.

## Have an evaporative airconditioner?

A winter shutdown is a great way to save money by:

- Prolonging the life of your unit and its parts
- Reducing heat loss from your home
- Reducing the chance of split pipes caused by freezing in winter

**Call us now to book yours in!**

## Shire of Coolgardie

Kambalda Community Resource Centre

July has seen more wonderful and exciting events delivered to the Kambalda community.

Kambalda CRC encouraged locals to get behind NAIDOC week, with a public display of flags, colours, history, brochures and stickers. NAIDOC week was celebrated across the Goldfields region with a series of events and activities which started from 2 July 2017.

NAIDOC week offers an opportunity to celebrate indigenous culture and people. It is an occasion which everyone in our community could embrace. It was all about bringing the community together and showing respect for indigenous cultures backgrounds.

Thank you to everyone who took the time to look through our public display.

Left: NAIDOC week public display at the Kambalda library

On Friday 14 July the Kambalda Community Recreation Facility and Community Resource Centre partnered to bring the school holiday program 'Treasure Hunt' to our children.

This low cost fun filled activity was well supported by children between the age of 5 – 10years old.

As the whistle blew to start the race, the teams burst out of the room and started running at fast speeds through the Recreation Centre, with the four supervisors trailing behind.

For an hour, teams ran around excitedly searching out the next clue. Teams were seen bumping into each other around corners and it would spur everyone on to go even faster. It made them laugh and they loved working in a group to compete.

At the end everyone was rewarded with a bag of treats kindly sponsored by Kambalda Community Resource Centre.

Lined up, keen and ready to start the Treasure Hunt

If you would like further information on upcoming activities, please contact Val on 9080 2115 or email: [kambaldacrc@coolgardie.wa.gov.au](mailto:kambaldacrc@coolgardie.wa.gov.au)
