## Shire of Coolgardie

Message from the Shire President  
September 2018

Council adopted the 2018/19 year budget at a special meeting of Council on August 14. This year's budget builds on the service level review adopted by Council last year, which concentrates on core services, organisational efficiencies and an extensive array of community initiatives and renewal and maintenance of the Shire's many assets.

Significant savings made during the past year have enabled the transfer of funds to reserve accounts, increased expenditure on Shire road networks with a zero increase in the rate in the dollar or minimum rates, all of which Council is proud to bring down a very financially responsible budget.

An extensive list of further budget information is available for residents and ratepayers within the budget and rates information pamphlet included with all rates notices sent out last week.

On behalf of all Councillors, I would like to thank and congratulate our CEO and all of the Shire staff for the work and effort everyone contributed during the compilation of this year's budget, one which will stand our Shire in good stead for the future.

The Shire consultants undertaking our waste site report, Strategen, have advised they received approval from DWER to undertake the drilling of ground water monitoring wells at both the Kambalda and Coolgardie tip sites.

Whilst on site they will also be collecting samples of material from the various stockpiles of waste in Kambalda for further testing to identify the levels of contamination that may be in this material. Once these reports are finalised Shire staff will be in a position to work on a strategy to resolve these ongoing issues at our waste sites.

Black Spot funded intersection works on Bayley Street, Coolgardie, have commenced last week. The work on both intersections on either side of town are expected to be completed in late September and are creating quite a lot of interest from our local residents. Other road projects coming up in the near future are the Kambalda Tip road intersection, Binneringie - Esperance Highway intersection and the Cave Hill road realignment near Widgiemooltha.

The CEO and I hosted St John staff during a visit to the Shire on August 15. Following the Shire signing an MOU with St John, they have appointed a full-time staff member to work on the proposal to investigate the preferred options of providing medical services in Kambalda.

The purpose of their visit was to look at the existing medical centre, housing facilities as well as talking with current WACHS managers and staff with a view to providing the Shire a report on their proposed model of medical service provision within the next month.

The Coolgardie Visitor Centre staff were rewarded for their work and effort in promoting tourism in the Shire and specifically Coolgardie when it was announced they had made the finals of the 2018 GWN Top Tourism Town finals. Our staff will be travelling to Perth for the awards presentations with three other finalists on September 5,

**Continued P3**

## From P2

with the prize being \$10,000 worth of advertising on GWN7. On behalf of Councillors and all Staff I wish them a great night and that they take out the top honours.

Meetings and workshops attended this period:

- Draft budget workshop, July 26.
- LG conference in Perth, August 2-5, which included Regional Road Group annual meeting, a visit to St John Perth office to discuss medical services in Shire, a meeting with Shane MacDermott and Francesca Lefante regarding planning developments, and GVROC workshop to discuss executive officer position.
- CEO and I met with Evolution Mining MD and COO in Kalgoorlie during Diggers and Dealers conference to discuss economic development within the Shire.
- Community meeting in Kambalda to inform residents on progress of the Kambalda swimming pool report as well as future waste transfer station proposal in Kambalda.
- CDC trial working group meeting in Coolgardie.
- CEO and I met with Mick Murtagh, Kambalda Skysports Skydiving group, to discuss a lease agreement for them to utilise the Kambalda Airport.
- Teleconference meeting with CEO, Deputy President, Davyd and Philip Hooper on August 17 to discuss options for future economic development in Kambalda.
- Meeting with representatives of Prime Minister and Cabinet in Coolgardie to discuss future operations of the Community Development Program, on August 23.

Malcolm Cullen  
**Shire President**

## Shire of Coolgardie

From the desk of the CEO  
August 2018

Well it's nice to see the spring weather is here, and a busy September to go with it.

Only two weeks to go until Coolgardie Day and I know that the Coolgardie Day Celebrations Committee have worked very hard over the last year to bring another fun-filled family day to the Mother of the Goldfields, with lots of action on Bayley Street and in Coolgardie Park, and I have just heard that there will also be the biggest side show alley this year. Happy 126th Birthday to Coolgardie - and we just need this nice wind-free spring weather to be here on Sunday, September 16.

School holidays are back in September and there is a great range of activities for the children to do in both Coolgardie and Kambalda at our Community Recreation centres. Don't forget our libraries, sporting facilities and parks that we have, there is lots to do during the holiday breaks.

The Shire of Coolgardie Budget was adopted at a Special Meeting on August 14, 2018. The Councillors and staff worked diligently once again to ensure this year's budget was financially responsible.

The Shire will end the 2017/2018 financial year in a strong position with more than \$1 million in unrestricted cash and reserves of more than \$3.5 million. The 2018/2019 budget builds on the Service Level Review adopted by

**Continued P4**

**From P3**

Council in 2017/2018. It concentrates on core services, efficiencies, an extensive array of community initiatives and renewal and maintenance of the Shire's many assets.

Significant savings identified have enabled transfers to reserves, significant increase in expenditure on roads and no increase in the rate in the \$ or minimum rates.

The Shire road network will benefit this year with more than \$4.8 million to be spent on road renewal and almost \$640,000 on road maintenance. Footpaths and drainage will benefit from more than \$190,000 of renewal and the Coolgardie swimming pool, parks and gardens, and recreation centres and libraries more than \$3.2 million. Tourism and promotion of the Shire will see an increased spend to \$517,650.

The Shire is extremely proud to have a total capital expenditure program of \$10,230,236 for the 2018/2019 year.

And by now everyone would have received their 2018 / 2019 rates and the new-look rubbish tip voucher. If you wish to discuss your rates please do not hesitate to contact the Shire on 9080 2111.

Have a good September everyone.

Take care,

James Trail  
**Chief Executive Officer**

**Shire of Coolgardie Ordinary Meetings for 2018**

Meetings of Council are held on the last Tuesday of the month at 6pm. Meetings alternate between Coolgardie Council Chambers and the Kambalda Community Recreation Facility function room.

| Day     | Date         | Time | Location   |
|---------|--------------|------|------------|
| Tuesday | September 25 | 6pm  | Coolgardie |
| Tuesday | October 23   | 6pm  | Kambalda   |
| Tuesday | November 27  | 6pm  | Coolgardie |
| Tuesday | December 18  | 6pm  | Kambalda   |

**See the CoolRambler in full colour online!**

You can view each month's issue (as well as loads of other Shire information) in full colour from the Shire website on your computer, tablet and phone. To find the online version of the Rambler go to:

# How to use your Indue account on Coolgardie Day

Coolgardie Day will be held on September 16, 2018, and is approaching quickly. With many stalls only accepting cash, the Cashless Debit Card staff would like to encourage participants to start preparing for the day by saving up cash.

If participants have any questions or concerns, it is recommended to seek assistance at a Shopfront. Although cash cannot be withdrawn from the Cashless Debit Card, there are options available to help participants in need of cash, for occasions like Coolgardie Day.

## OPTIONS:

**The 20 per cent** - participants can use the 20 per cent of their Centrelink payment that is deposited into their regular bank account and withdraw this as cash to use on Coolgardie Day; or

**The \$200/28 days** - participants can transfer a maximum of \$200 every 28 days from their Indue account to their regular bank account. This transfer can take one to two business days to reach their regular bank account, which can then be withdrawn as cash. We recommend doing this transfer by Wednesday, September 12, at the latest to ensure that the cash arrives in your regular bank account by the weekend. If you are unsure how to do this, feel free to seek the assistance of the friendly shopfront staff.

■ **The Cashless Debit Card shopfronts are in the Coolgardie Community Recreation Centre and the Kambalda Community Recreation Facility and are open Monday-Friday from 9am-2.30pm. The Cashless Debit Card Hotline can also be contacted on 1800 252 604.**

## Conquering the world of digital marketing

On Wednesday, August 28, Sharni from Kalgoorlie-Boulder Chamber of Commerce & Industry came to Kambalda to host a digital marketing workshop for small businesses.

We had 16 people attend the workshop. It was a great event full of insightful and helpful information to help promote small businesses. Some of the topics covered were: the different types of digital marketing, Google My Business, understanding online review sites and analytics.

Sharni also informed those who attended if they needed further information that she would be more than happy to come again to Kambalda to host more workshops or for one-on-one appointments to cover financials, business and website planning. Please feel free to contact the Shire of Coolgardie on 9080 2111 for further information.

# COMMUNITY WELLNESS EXPO

**Sunday, September 30, 2018**

**11am-3pm**

**Kambalda Community Recreation Facility**

*A fun day out for all to enjoy  
with lots of information and advice  
for the whole family!*

For more information phone 9080 2111 or email: [mail@coolgardie.wa.gov.au](mailto:mail@coolgardie.wa.gov.au)

## Book review

*The Entombed Miner* by Tom Austen

Inspired by the rescue of the schoolboy soccer team from a flooded cave in Thailand, I decided to re-read *The Entombed Miner*, one of the most famous true stories to come out of the West Australian Goldfields. At one time, there would hardly have been a person anywhere in Australia who did not know this story (I first encountered it in a school book when I was at primary school). At the time it made international news. But in asking around the other day, I was amazed that it is now almost forgotten, especially by the younger generation.

This is a shame, as the story is a classic of endurance, courage, heroism and leadership, beginning with disaster and ending in triumph, and every bit as inspiring as the Thailand rescue.

To summarise: an Italian tribute miner Modesto Varischetti was trapped by floodwaters in an air pocket at the 10th level down a gold mine, before eventually being discovered, and then rescued by divers who took him out to safety. Varischetti was entombed, alone and mostly in utter darkness, for nine days.

Taking place at the tiny mining centre of Bonnievale, 11 kilometres north of Coolgardie, the disaster began on March 19, 1907, when a sudden thunderstorm completely flooded the Westralia Mine. There were 160 men at work in the mine at the time. All but one managed to scramble up the ladders, level by level, with the storm water pouring down on them, to safety. Varischetti, who had been working alone at a great depth, had not been warned, and knew only of the flood when it rushed in on him. Luckily he was working on a slight rise, and was able to retreat into an air pocket.

His mates had given up all hope before one of them, exploring above the flood levels, heard a hammer tapping below him. Taps were exchanged using a miner's code, and it was realised Varischetti was alive.

*“His mates had given up all hope before one of them, exploring above the flood levels, heard a hammer tapping ... and it was realised Varischetti was alive.”*

Then began the amazing rescue. A rescue special train was sent up from Fremantle with diving equipment (the account of “the special” is a story in itself; it was given an open road and ran to Coolgardie in just over 11 hours and at an average speed of 68km/hour, an astounding effort on the narrow-gauge railway, with steam locomotives).

Two miners from Kalgoorlie who had been professional divers and who had volunteered to go down the flooded mine, were waiting. They donned the gear and were lowered into the pitch dark waters. Diver Frank Hughes led the way, assisted by diver Tom Hearn.

Wearing the cumbersome brass helmets, heavy watertight canvas clothes and diver's boots, dragging their air hoses and signalling ropes, operating basically in the dark, the two men found their way down the flooded shaft and along the twisting drives - and ultimately diver Hughes rose out of the black water and shone a feeble torch on a terrified Varischetti (it was said later that he thought it was

the devil coming to get him). Hughes (assisted by Hearn) made a number of trips to Varishetti's tomb, taking food, candles and matches and returning with messages. Each trip was on the edge of disaster because of the risk of the air hoses becoming entangled or damaged as they were pulled around the rocky drives. All of this time a mammoth effort was being made to de-water the mine, with pumps operating ceaselessly.

After nine days, Hughes thought he could just get Varischetti out, as the water had dropped to the point where they could wade out with their heads just above water and then climb into one of the skips being used to bale water. On March 29, Varischetti, flanked by Hughes and Hearn, emerged from the mine. An enormous cheer went up from the hundreds of people gathered at the pit head.

*The Entombed Miner* does justice to these events, being well-researched and well-written. Author Tom Austen captures the horror of Varischetti's situation, and does justice to the courage and endurance of the two miners. He also does not fail to extol the leadership of

The Coolgardie Visitors Centre has an extensive display telling the story of the Varischetti rescue.

mines inspector Josiah Crabb, who co-ordinated and oversaw the entire rescue.

The text is supported by photographs and diagrams of the flooded mine and traces the background and subsequent history of the main players. Astonishingly, Varischetti went back to being an underground miner.

The book is hard to find. It was originally published in 1986, but is now out of print. Luckily I was able to purchase a copy from the Coolgardie Visitors Centre for \$25, the Coolgardie Shire having reprinted it in 2007 on the centenary of the rescue. It is a facsimile of the original book, very nicely presented (and mailed to me free of postage).

Despite knowing the outcome, I found the book ‘unputdownable’. It is without doubt one of the great stories in West Australian history.

- Roger Underwood

# Treasure hunt for Children's Book Week

To celebrate Children's Book Week this year, the Coolgardie Community Recreation Centre's story time hero Jess and recreation officer Heather created a treasure hunt wonderland, with Aleysha helping on the day.

Both Coolgardie Primary and CAPS schools came along and joined other young members of the community for a morning of pirate stories, songs and actions and of course the thrill of the treasure hunt and some tasty 'pirate grub'.

The children were encouraged to dress up as their favorite character from a story book. Everyone looked absolutely amazing and we were so pleased that all of the children dressed up and took part.

The morning started with some stories and a few games, songs and dances. It was great to see all the kids singing and dancing. We had hidden clues all around the rec centre, both inside and outside, and even at the skatepark. The kids were split into seven groups to find the clues, some proved to be in quite tricky hiding places and it was great to see the children rise to the challenge.

Our treasure hunters found all the clues and put them together to spell the word "sandbox" - because that's where the treasure chest filled with loot was hidden! After the kids found the treasure it was time to enjoy some hearty pirate grub. The children and teachers enjoyed a variety of sword kebabs, deadman's fingers, parrot food, pirate ships with blue jelly, fish food, biscuit teacups and scallywag snags.

Once everyone had eaten we headed to the sports hall for free play, and to award the prizes for the best dressed. We awarded six prizes in total: two for Coolgardie Primary School students, two for CAPS students and two for children from the community. Thank you for everyone for attending our fun-filled, exciting event.

**- Recreation Officer Heather Kent**

*“The kids have been a blast to teach, they come in eager to learn and take it very seriously; they each have different goals they wish to reach.”*

## Youth smash their fitness goals

What a great turn out we have had this term for junior gym, which was introduced for our budding fitness enthusiasts in Kambalda.

Junior gym is an opportunity for kids to get into the gym environment while being under the supervision of a qualified gym instructor and work on their fitness, endurance and general strength.

We have had a great turnout of approximately 16 participants attend every Tuesday afternoon. Each week we vary the programs that we do to keep everyone interested.

“The kids have been a blast to teach, they come in all eager to learn and take it very seriously; they each have different goals they wish to reach,” said gym instructor Bernadette Christie.

If your child is interested in participating please contact Bernadette at the rec centre on 9080 2111 or pop down and grab the forms.

## Changes to the inter-library loan service

The State Library of WA has implemented some changes to the inter-library loan service.

As part of the changes the following items are no longer available for inter-library lending:

- New items in public libraries (12 months or under)
- Junior and young adult titles
- DVD and audio

There will be exceptions for library users with special needs, including people with disabilities requiring certain formats, those who are housebound, and those from culturally and linguistically diverse backgrounds who require access to material in languages other than English.

Please also note that if you request items from libraries that are not part of the WA public library network, the following items will not be available:

- Fiction (unless needed for research purposes) and non-fiction items of insubstantial content
- Student/academic textbooks
- Car manuals
- Family history material
- Serials, maps, patents, Standards, CD ROM or images.
- Out of print

■ **For more information visit the state library website at <https://www.slwa.wa.gov.au/our-services/loans/inter-library-loans>**

# Bikepacking the Holland Track

**Ride duration: 3.5 days. Time of ride: March 2018**  
**(very hot with temps in the high 30s)**

The Holland track is a truly remote West Australian desert bike packing route at a total distance of 294 kms, starting from Coolgardie and finishing at the Hyden/Norseman Road junction (or the other way round). The track is a well-regarded 4WD trail that for a bike packer ride is both challenging and rewarding at the same time and definitely not for the beginner bike packer!

## **MUST KNOW**

The ride is 294kms without any on-track provided support. There are 'water holes' at various locations but these and any other surface water must be filtered and/or treated before drinking. You cannot rely on passing vehicles to provide food, water or assistance. Pending what time of year that you ride there may not be any 4WD vehicles and it is highly unlikely they will have room to carry you or your bicycle out if you are unable to continue. You should have your own emergency assistance plan in place before you leave. Carry a SPOT tracker, EPIRB or satellite phone. Telstra coverage is reported to be at the top of some high ground however is difficult to find and not consistent or reliable.

**Tires:** The route is mostly sand tracks which have been made deeper and more difficult to ride on with the large amount of 4WD vehicles that have travelled over it in time. Wide tyres (4 inch) are recommended on this track and fat bikes will travel far better than standard mountain bike tires.

**Water:** The availability of water is dependent on the time of year you are riding. I carried eight litres which didn't last for two days in the peak summer heat (higher than 38 degrees Celsius). When this ride was done rock pool water was found, filtered and used – gladly! But be sure you know what you are doing to ensure that the water is clean and free from parasites.

**Start location of the Holland Track.**

**Digging up a water cache.**

The track has a number of permanent waterholes at various locations but these are often used by travellers who wash or bathe in the water.

**Cache:** If riding unsupported an idea for this track is to 'cache' your own water and food at a number of places on your drive in to your start point. I used the Marvel Loch-Forrestania Road and Holland track junction. It is a distinct location and landmark where I buried sufficient water and food for a full four-day resupply. You could drive along the track on your way in but that may spoil the ride for some. Banker Mt Day road also intersects the track and could be used as an access route in to cache water and food in the road and Holland track junction (known as the car wreck site). Just remember it must be easy to find again and difficult for local animals to dig up.

**Continued P11**

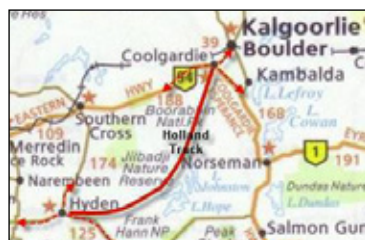

## From P10

**The route:** If you begin at Coolgardie the first 82kms are on the Victoria Rocks road. This gravel road is easy riding for the majority of the way with the occasional sand patch and washout. The junction of Victoria Road and

### Filtering and treating ground water

Map extracted from Melway Street Directry, edition 32 2005; map annotated by TCAA.

Holland Track is signposted and marks the beginning of the Holland Track proper. Generally the track is easy riding with the exception of the sand on the 4WD track itself. If you have wide tires this is not a problem but be well advised that the track continues to be mostly sand for more than 75 per cent of the way.

There are few hills to speak of and the track is generally flat and easy going. The wooded area of Jilbadji Nature Reserve offers a pleasant break offering shade and good resting or camping areas.

Be aware when camping solo at these locations that there may be the risk that a 4WD could arrive at any time during the night (or day) and it would be wise to position your tent well away from the general open areas, just in case they don't see you straight away!

Camping spots are abundant and mostly soft sand if you prefer. Occasionally hard gravel areas may be your only choice however there are still comfortable and spacious areas to select from.

Some of the 4WD bog holes/mud trenches areas are very wide and cover the whole track but most of the time a 'chicken track' will take you around these. On some occasions the track was narrow but covered in deep ruts so walking through bush had to be done to get around these. The last part of the track passed by Wattle Rocks, Native Rocks and Sheoak Rock which had red hard-packed soil and made for fast, easy riding.

Completing the track unsupported makes it a very demanding ride however it can also be done with a 4WD support vehicle travelling behind. This makes good sense as it can be the 'emergency breakdown' vehicle for you if necessary.

All in all this is a great single length of bike packing track that certainly will be one that you put on your list as "I'm glad I did that one".

- Dave Meagher

*"The track is a well-regarded 4WD trail that for a bike packer rise is both challenging and rewarding at the same time and definitely not for the beginner bike packer!"*

## Shire of Coolgardie

Coolgardie Community Recreation Centre

With Father's Day taking place early this month, the Coolgardie Recreation Centre staff hosted a craft afternoon for children to make gifts for the dads in their families.

The children gathered at the recreation centre after school on Tuesday, August 28, and created cute little toolboxes, which they then decorated with bright paints - some even used gold paint. To make the toolboxes even more special the kids filled lolly bags and placed them inside the boxes.

The crafters were also given a double-sided magnet to write or draw on for their special person, as well as a scratch board card which looks black but when it's scratched reveals beautiful rainbow colours underneath. Everyone came up with all different pictures and special words for their dads, poppies and granddads.

Once that was done we gave them a quiz to fill out about their dad and/or poppy. It was very heartwarming to read what the kids had written. We laminated the quizzes once they were all done so they can be kept forever.

From all of us at the Coolgardie Community Recreation Centre, "Happy Father's Day".

- Recreation Officer  
Heather Kent

Well done to *Tara Davies*, our Coolgardie Recreation Officer who is inspiring and coaching the young runners at Coolgardie Primary School for their upcoming sports carnival.

## One Tree Kambalda

We have had some exciting news happen during the month of August at One Tree Kambalda: we have introduced meals to our service.

Families no longer need to provide lunches, as our centre offers morning tea, afternoon tea, and now cooked lunches. The families of our centre were so eager during the lead up to our meal service, and have given some positive feedback following the start of the service.

It's amazing seeing how far our centre has come along over the past five years, and with meals being a new contribution it has made it a joyful experience for all those involved. With this the children are being exposed to trying new food, and we at One Tree Kambalda are promoting healthy eating with a variety of new meals each day for the children to enjoy.

One Tree Kambalda is at 2 Barnes Drive, Kambalda West, and is open Monday-Friday from 7.30-4.30pm. For more information phone 08 9027 3368, email: [kambalda@onetree.org.au](mailto:kambalda@onetree.org.au) or visit the website at <https://www.onetree.org.au>

### Notification of Roadworks - Great Eastern Highway

Main Roads WA will be conducting edge break repair works on the Great Eastern Highway from Boorabin to Mungari Road in the Shire of Coolgardie.

It is intended that the works will be undertaken during August and September 2018.

If you have any queries, please do not hesitate to contact our customer service officer, Nicole Sullivan, on 9080 1473.

Yours sincerely

Kellie Keable  
**A/NETWORK MANAGER**

## Coolgardie Day Celebrations to feature all-day fun for everyone

# *“It’s all about the family”*

The committee has been working hard again this year and is looking forward to the next Coolgardie Day Celebrations, which will be held on Sunday, September 16, 2018.

The Coolgardie Day Celebration’s motto is “It’s all about the family” and thanks to our wonderful sponsors to date we will once again be providing a fun-filled, entertaining day for our community and the many visitors that we welcome into our town – Coolgardie, the Mother of the Goldfields.

We will have lots of free fun in the park again, with Bounty Hunter being our main band, rock-drilling and our many family free activities, including a freestyle clinic/comp at the skatepark - and did we mention the delicious food stalls that will be available?!

There will be lots of thriller rides for side show alley coming over from the eastern states and a huge variety of street stalls, with a lot of new ones who haven’t been here before.

Thank you to our sponsors, because of you we can make Coolgardie Day happen.

## PLAYGROUP

### SEPTEMBER/OCTOBER 2018

Already halfway into the 2018 playgroup year – those past months have just flown by and with Christmas coming closer and closer, we could not wait any longer.

So we celebrated Christmas in July at the end of the month with everything red, glittery and sparkly, and not-to-be-missed Christmas songs. The children all made their very own snow globes, sang their favourite Christmas songs and made snow angels in the puffy snowflakes we surprised them with at the end of the session.

August 3 was a good reason to recycle some of our old jeans and honour Jeans for Genes Day.

Continued P17

## From P16

We let the kids' imaginations run wild and they created and dressed their own characters, themselves or even mum or dad by gluing a pair of pre-cut jeans onto a piece of paper and making them all pretty.

It's not every day that we allow our children to draw all over a pair of jeans. They really enjoyed being little fashion designers that day.

Our little explorers love getting messy and making mess. To make a day out of it we took National Science Week as an excuse and finished off the week with a lot of experiments, with sticky and colourful hands.

Vinegar and baking soda, dishwashing liquid and shaving foam were our best friends and we made rain clouds, magic with milk, built volcanos in the sandpit and despite their disbelief the curious boys and girls discovered that water can walk.

The only experiment that failed and disappointed us all was the dancing rice but children are determined to have an answer for everything: They decided the rice was too tired to dance that morning.

We have finally purchased two tuff trays and a bluetooth

speaker. We cannot wait for the next sessions! The Kambalda Menshed, which has been working hard on our dress-up cabinet in the last few weeks has done a fantastic job on making it a lockable, refurbished unit.

Our plan is to give it a colourful coat, stock it up with some new costumes and to drop off the promised cake for the lovely gentlemen who did all the hard work. A special big thank you to Jim – we could not be happier!

We have also welcomed a few new and old members in the previous months: An official welcome to Kara, Chyanne, Naomi and Cathy and their gorgeous little ones!

Kambalda West Playgroup's doors are always open for visitors. If you are unsure whether or not playgroup is something that you or your young ones can benefit from – come and find out. The first three visits are FREE!

Kambalda West Playgroup is open for children aged 0-5. We hold playgroup sessions on Mondays, Wednesdays and Fridays from 9am–11.30am (unless specified). Our room is located opposite One Tree Day Care at the recreation facility. If you have any questions, please contact Jacinta Perkins or Nancy McCulloch.

## Upcoming events

**Friday, September 14** - Clean up the World Weekend

**October 1-31** - Odd Socks Day (date TBA)

**October 15-19** - National Water Week

**Friday, October 12** - National Gardening Week

**Friday, October 19** - Loud Shirt Day

**Wednesday, October 31** - Halloween

# Emergency contacts

## for the Shire of Coolgardie

**Do you want to give back to your community, learn life-saving skills and meet lots of interesting people?**

**Come see the Coolgardie St John's Ambulance crew at our Hunt St depot, next to the medical centre, to find out about joining the team, or for more information.**

A little bit about the St John Ambulance Coolgardie Sub Centre:

Our depot has six volunteers and we are always looking for more people to join. We have our fortnightly training sessions on Monday nights, and they are run in a friendly and safe environment. Becoming a volunteer ambulance officer is one of the best skills you can have. You are introduced to a wide variety of obstacles and are trained to handle any situation.

For more information phone Gaynor on 0437 701 240.

(Oval In Kambalda East)  
Commencing at 3pm

Merry-go  
Round!

Sausage  
Sizzle!

Train  
Rides!

Raffle!

Music!

The Kambalda Community Christmas Tree (KCCT) originated in 1967 with Western Mining Corporation – later known as WMC Resources. The intention of the event was a “thankyou” to all their employees by providing a family event for everyone to enjoy. Being a mining town owned by WMC, it used to be “if you worked in Kambalda – you lived in Kambalda”. As time has passed, many things have changed, but the spirit of “the Christmas Tree” still lives on.

These days it is “**Run BY the Community, FOR the Community**”, with the support of the mining companies, local businesses and service providers in the Goldfields.

## Scroungers Page

One man's junk is another man's gold, it has been said, so with this in mind we would like to collect your left over scrap metal. This could include such things as -

- Aluminium cans
- Copper pipes
- Car batteries
- Lead flashings
- Brass taps and fittings

If you think it might be of some value please contact Ray on 0458 187 009.

Thank you in advance

## COMING SOON

METAFIT LAUNCH AT THE  
KAMBALDA REC CENTRE 6<sup>th</sup>  
SEPTEMBER 6.30PM

What is a Metafit workout?

**Metafit** is a high-intensity 30 minute **workout** including a series of body-weight exercises with interval style **training**, designed to keep your body burning calories long after your **training** session is complete. Designed by a former marine, this is a class you can be sure to push your limits in. Metafit is suitable for all fitness levels from beginners thru to advanced

 Coolgardie Community Recreation Centre

## Split Systems Servicing

Un-serviced units run at a lower efficiency and can cause:

- Higher power bills
- Limited heating & cooling capacity
- Noisy operation
- Mould and bacteria growth that can cause illness and foul smells.

Reverse cycle is the best way to stay the perfect temperature all year round. Routine maintenance will keep your unit at its best, for every season.

Your aircon will work better, smell better, and cost less to run

Servicing increases the life of your unit and protects your investment, our professional products and expert tradesmen will get your unit working like new.

\*View our before and after on facebook in colour

## Have an evaporative airconditioner?

A winter shutdown is a great way to save money by:

- Prolonging the life of your unit and its parts
- Reducing heat loss from your home
- Reducing the chance of split pipes caused by freezing in winter

Call us now to book yours in!

No job too big or small, Taps does it all

## Coolgardie Social Agility

Well another day of agility was held on Sunday 19th August. We started the day off at 10am with led agility courses, then a quick break followed by the ridden agility courses. We had a couple of new members compete for the first time who went very well with their noble steeds. The day was finished with awards being handed out and a well-deserved barbecue lunch.

- Ann and Lisa, Coolgardie Social Agility

### Results

Junior course 1: First Monique and Razzi; second Alec and Bobby; third Chloe and Libby.

Junior course 2: First Monique and Razzi; second Chloe and Libby; third Alec and Bobby.

Junior Course 3: First Monique and Razzi; second Chloe and Libby; third Alec and Bobby.

Senior Course 1-3: Open Pony First Ann and Tia.

Senior Course 1-3: Open Horse First Lisa and Cap.

Senior Course Starter Course 1: First Mick and Harley; second Bev and Ziggy.

Senior Course Starter Course 2: First Bev and Ziggy; second

Mick and Harley.

Senior Course Starter 3: First Mick and Harley; second Bev and Ziggy.

# The Pastor's Pen with Bill Kirkland

There was a time in Israel's history before they were banished to Babylon for 70 years when God said to Jeremiah the prophet "Go up and down the streets of Jerusalem, look around and consider, search through her squares. If you can find but one person who deals honestly and seeks the truth, I will forgive this city." Jeremiah 5:1

Finding someone to tell the truth seemed to be a real challenge for Jeremiah. There were plenty of prophets in his day but the vast majority wanted to tickle the people's ears in order to support their false narrative. To speak the truth would result in the loss of popularity and support.

Gallup recently did a survey in America as to which are the most trustworthy professions. Nurses and doctors rated highly alongside military officers. Midfield were clergy where lawyers and journalist finished very low. There was not a category specifically for scientist which I am sure would have rated highly although 'group think' where one is required to conform to the consensus has damaged that field.

Those who believe in Jesus Christ realise that He was a Man who always told the truth. It did not fit the narrative of most religious or irreligious people of the day. It was a truth that was and is timeless. He spoke of eternity, judgement, heaven, hell and an everlasting kingdom. A popular ideology today is that one chooses their own truth. Jesus Christ did not entertain such an irrational view. He plainly said 'Jesus said to him, I am the Way, the Truth, and the Life; no one comes to the Father but by Me.' (John 14:6) Jesus Christ would never have made a good politician but He demonstrated in word and deed that He was and is the Son of God.

# *Kerbside Waste Collection*

## **REFUSE COLLECTION**

Hard refuse should be placed neatly on the verge as close as possible to the kerb and your driveway. The following items will be collected from your verge;

- WHITE GOODS - Stoves, refrigerators (doors to be removed), washing machines etc.
- TRAMPOLINES/SWING SETS must be dismantled
- SCRAP METAL
- OLD FURNITURE
- GENERAL RUBBISH

The white goods and scrap metal should be placed on the verge in a pile separate to the other hard refuse as this will be collected separately and recycled. All items of hard refuse will be collected by hand. A maximum weight will apply and as a general rule, two (2) people should be able to lift the item easily to shoulder height with the item being no longer than 4 metres. Please note this service is available in townsites only. It is important that residents pay close attention to the requirements of the roadside collections. All waste is to be placed in a pile neatly on the verge no earlier than one (1) week prior to the advertised collection week. All waste must be placed on the verge by 6.00am on the advertised starting date as the truck will only travel down your street once. All waste is to be placed on the verge without obstructing footpaths or line of sight particularly adjacent to road intersections. Waste will not be collected from Vacant Properties, Public Land or Land outside townsite boundaries.

## **THE FOLLOWING ITEMS WILL NOT BE COLLECTED**

- GREEN WASTE
- Sand
- Rubble
- Bricks
- Cement
- Tyres
- Pesticides
- \* Chemicals
- \* Flammable liquids
- \* Asbestos
- \* Batteries
- \* Motor Vehicles
- \* Car Parts
- \* Foodstuffs (Household Waste)

# SUPERHEROES ON SCOOTERS

on a quest to fight childhood cancer

Kambalda super heroes Lee and Harry Horan are travelling from Bridgetown to Perth on scooters to help raise funds for The Kids' Cancer Project.

The father and son team are making the trip with the Superkids Superheroes crew.

The band of heroes began the tour at Bridgetown on August 31 and plan to reach Perth city on September 10.

To donate or learn more about the quest go to [www.superkidssuperheroes.com.au](http://www.superkidssuperheroes.com.au) and [www.thekidscancerproject.org.au/home](http://www.thekidscancerproject.org.au/home)

## Dog and cat owners: registrations almost due

Registration renewals for dogs and cats are due by October 31, 2018

### **Dog registration - Penalty: \$200**

A dog owner is legally required to register the dog with the appropriate local government once the dog is three months or older.

### **Dog Microchipping - Penalty: \$200 to \$5000**

All dogs must be microchipped once they reach three months of age. Non-microchipped dogs cannot be sold or transferred to a new owner. This rule applies even if the dog is under three months of age. Dogs may be exempt from receiving a microchip if they cannot receive one due to medical grounds. In those situations, the owner will need to obtain a medical exemption certificate from a registered vet.

### **Cat registration**

All cats that have reached six months of age are required to be:

- Microchipped
- Sterilised
- Registered.

Your cat will be required to wear a collar and registration tag to ensure they can be easily identified and returned to you if they become lost.

Breaches of the regulations may incur the following penalties:

- Cat registration - Penalty: \$200
- Cat microchipping - Penalty: \$200 to \$5000
- Cat sterilisation - Penalty: \$200

■ To arrange for registration of your dog or cat, please visit one of our recreation centres (Coolgardie Community Recreation Centre at 69 Sylvester St, Coolgardie; or Kambalda Community Recreation Centre on Irish Mulga Drive, Kambalda) or call the Shire on (08) 9080 2111.

*Join us for the 2018*

# COOLGARDIE

# POOL

**PLUS:**

**Access to the barbecues for a  
great family fun day**

## Shire of Coolgardie

Coolgardie Community Recreation Centre

Hi everyone

Well it was another productive and busy month at the Coolgardie CRC with lots of paint, glitter, relaxation, laughter, music, information workshop and once again lots of fun.

We had a visit from the Telstra NBN team, which held an information evening, followed by the Telstra truck being available the next day at Moran's Store. It was a horrible, cold evening but thank you to those who attended, the NBN media hype had previously created a lot of questions and confusion but the Telstra team was there to put people's mind at ease.

On Sunday, August 19, we hosted an Art Therapy Workshop with Carlie Pietersen from Artworx. It was a fantastic morning and the attendees thoroughly enjoyed doing the creative tasks that Carlie had for us. Talk about being spoiled for choice with the huge range of beautiful paint colours and pencils that Carlie had for us to use. We all went home with two finished projects. Our attendees have requested that we do another workshop in October or November. Carlie will also be holding a children's workshop in October. Thank you Carlie, we look forward to your next workshops.

The *Shrek The Musical* show was held at the Goldfields Art Centre, Kalgoorlie, on Friday, August 30 to Saturday, September 1, 2018.

Our creative Tuesday and Wednesday morning craft artists and Aleysha Elmer assisted Alan Bergin, who was the set designer and puppeteer for the show, with the creation of many sunflowers, antique books on bookshelves and magical sparkling butterflies. The

show was absolutely amazing and a huge credit to those involved. We were so proud to see our props that were created at Coolgardie on the huge stage, adding to that magical experience of the show. We are all so proud of Alan Bergin, how he managed to create those many different scenes that he did on such a large scale and while using a lot of recycled products. It was beautiful, stunning and certainly created some magical memories for everyone who attended the show. Well done Alan we look forward to your next production; we are glad that we still have you in Coolgardie and that you haven't been snapped up by Hollywood!

The Coolgardie CRC and Community Recreation Centre is pleased to be hosting Barefoot Bands on Monday, September 17 and Tuesday, September 18. We have an amazing line-up for our community members of all ages. Thank you to the Coolgardie Day Celebrations committee for bringing Barefoot Bands back to Coolgardie, which is giving us the opportunity to do some workshops, as well as children and adult music jam sessions, a CD launch and also a concert at the skate park while the children show us their skills on the scooters and skateboards. Call Leanne on 9025 0309 for further information on the amazing line up that we happening over those two days.

**If you would like further information on upcoming activities, please contact Leanne on 9025 0309 or email: [coolcrc@coolgardie.wa.gov.au](mailto:coolcrc@coolgardie.wa.gov.au)**

## Shire of Coolgardie

Kambalda Community Resource Centre

Coming up this month we will hold our Community Wellness Expo. It will be a great family afternoon with many stall holders, presentations and entertainment. Make sure you head to the Kambalda Community Recreation Centre on Sunday, September 30, from 11am. If you would like to have a stall or would like more information, please contact the Kambalda Community Recreation Facility on 9080 2111.

Last week Sharni from the Kalgoorlie Boulder Chamber of Commerce presented training on digital marketing. This was a successful event with everyone learning many tips and tricks for marketing their business. We are in the process of scheduling our next training session for October. If you would like to know more about running a business or would like to be added to our list to contact for business training, please contact the Kambalda Community Resource Centre.

In August we celebrated Children's Book Week, and had many children come dressed as their favourite character. It was great to see so many kids attend and enjoy the singing, reading and craft activities. Afterwards we provided a healthy morning tea. Thank you to everyone that attended.

Library Storytime is on Thursdays from 9:30am. Bring the kids down to the Kambalda library for singing, book reading and craft.

**If you would like further information call in to see Leesa at the CRC, phone 9080 2111  
or email [kambaldacrc@coolgardie.wa.gov.au](mailto:kambaldacrc@coolgardie.wa.gov.au)**
